

Larry & Jennifer

Dear Birth Parents,

We cannot thank you enough for taking the time to consider us as the adoptive parents for your baby. We realize that the decision you are making is a difficult one, but know that you are acting with both courage and selflessness. Your choice for adoption will lead to great blessings in the life of your child and the adoptive family.

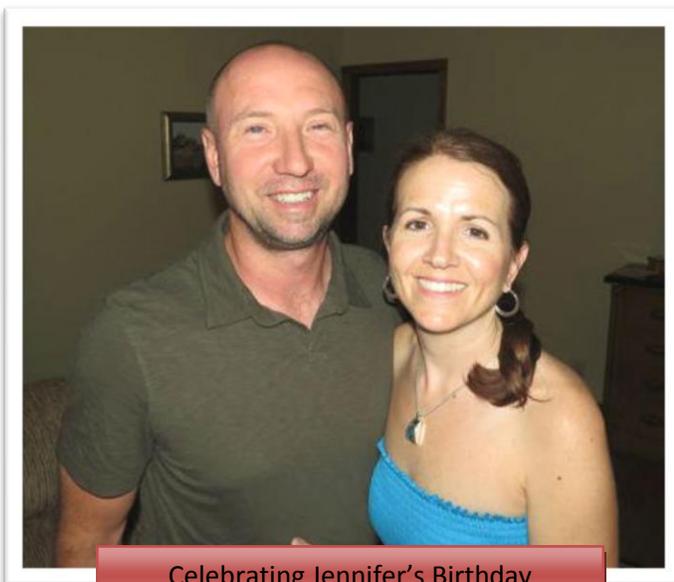

We want to introduce ourselves, we are Larry and Jennifer. We met four years ago on a blind date and we have been together ever since. We have been blessed with a strong, joyful marriage with supportive family and friends. Both of us grew up in loving Christian homes where we were the center of our parents' lives. Who we are today, we owe directly to their love, teaching and nurturing. That in turn has set the example we follow where family is the most important thing. We are ready for our family to be complete. Having children is truly a blessing and we would be thrilled if given the opportunity to grow our family through adoption. We are so excited to begin the journey of parenthood as first-time parents. We know that the right match is out there for us and we know that it is just a matter of time until God brings us together.

If you choose us as your baby's adoptive parents, we will provide a home filled with love, laughter, support, joy and learning. We will always be grateful for our gift and how happy and complete you have made our family. More than anything, we want you to know that the health, success and happiness of your child will always be our first priority in our lives.

We pray that whatever choice you make will bring you peace and blessings.

God Bless,
Larry and Jennifer

Fun Family Facts

Views on Adoption

Life is a gift, love is a celebration and adoption is an incredible and brave expression of both. Adoption takes strength, courage and selflessness. We will honor your decision by providing your child with endless amounts of love, joy and happiness. We are willing to discuss levels of openness with you.

Christmas is our favorite holiday. We can't wait to share our family traditions with our child.

Views on Parenting, Education, & Discipline

Our first priority is our child's emotional and physical health. We will instill a strong sense of self confidence, character and integrity. We know these traits will guide them through life. We plan on disciplining with age appropriate consequences and using the Love and Logic model.

Education is the foundation for their future. We will provide and support our child on whatever educational avenue he or she chooses.

Child Care Plans

Jennifer's parents live five miles away and will be an important part of our child care plan. Jennifer hopes to work part time to allow her to be at home more to care for our child.

Family Life

Larry is the youngest of seven and Jennifer is an only child. We are fortunate to have both of our parents live close by. Often, all of us get together for dinner. Larry's brothers and sisters live all over so we enjoy taking road trips throughout the year to see all of them. Our family is our highest priority.
