

Dear Birthparents,

Thank you for giving us the opportunity to tell you a little bit about ourselves. We believe in adoption and have pursued adoption for many years as a way to grow our family. We have never been in your shoes, but we know that you are making this decision out of love for your child. We are open to meeting with you and updating you with pictures and letters throughout your child's life. We also would love to see how the relationship grows to possibly include further openness. We could never understand or imagine how difficult this is for you. We are humbled and admire your courage and strength.

With Love and All of our Gratitude,

Seth and Deb

Family Facts

Views on Adoption

We have always wanted to have a large family and since we are no longer able to have biological children we chose to grow our family through adoption. This was always something we had considered before Bella was born and we are excited to be able to see our dream of having a larger family come true. Isabella is such an amazing helper and wants so badly to be a big sister. We feel that openness in adoption is important for the health and well-being of an adopted child as well as a birth mother. We also feel adoption is a beautiful way to build our family and is close to our hearts.

Views on Parenting, Education & Discipline

We feel it is important to provide a two parent home that is focused God and team work to model a positive structure for our daughter and future child. We believe it is vital to lead and model what actions we desire for their children. At this time we home school, but we believe at doing what is right for each child and that may also change year to year.

Child Care Plans

Deb is a stay at home mom. She does some graphic design on the side, but loves to be involved as a mom.

Family Life

We love that we are a multicultural family. Deb's family is of Native American and Hispanic background. We love to celebrate the different aspects of our family and the uniqueness of who are. Deb has four siblings and Seth has two brothers, which allows for many cousins within the family. Our parents are excited for us to grow our family through adoption and to be grandparents again.

Religious Life

We are a Christian family who believes in living our life in a way that glorifies the Lord. We are involved in our church community, Deb is on the worship team and Seth does the sound. Our faith plays a vital part in how we live our lives.

"I need a forever friend."

Hobbies & Interests

Seth: enjoys spending time with family, hunting, fishing and almost anything outdoors.

Deb: photography, painting, drawing, camping, hiking, playing piano and spending time with family.

Occupation

Seth: Electrician

Deb: Stay at home mom and graphic designer
