# BABY BOTTLE BOOMERANG

Our Baby Bottle Boomerang effort is a great way for school classrooms, church congregations, and Sunday school groups to help LFCs by collecting loose change! It's also a great VBS mission project. Just pick up empty baby bottles from the LFCs office and pass them out to your group. Set a deadline and ask individuals to collect their spare change in the bottle. Then return the filled bottles to LFCs! It's a fun and easy way to make a difference.

## HOW DOES IT WORK?

- Select start and end dates, from a week, to more typically a three to four week span. Publicize the event enthusiastically before and during the campaign.
- Distribute the bottles to participants at your **KICK-OFF** (start of campaign).
- Gather the bottles at your **CELEBRATION EVENT** (end of campaign).
- Send checks received to LFCs for receipting, along with converting currency and coin received into a check payable to LFCs. (Many banks are willing to count large quantities of coin at no cost).

**A LITTLE CHANGE...**

**A BIG DIFFERENCE!**
