

In the wake of the Civil War, a wounded Union soldier makes a plea to Rev. Johann F. Buenger to care for his 10-year-old son. The boy's mother had died and the soldier knows it will be months before he will be well enough to care for his son personally. Rev. Buenger understands the soldier's plight and promises to help. After reaching out to the Lutheran community in St. Louis, a schoolteacher agrees to care for the boy, but needs \$10 per month to provide adequate care. The story of the soldier's son spreads and soon donations to support his care arrive in St. Louis.

This is the dawn of Rev. Buenger's profound influence on social ministry in Missouri. Long after his death, Rev. Buenger's legacy continues.

IT ALL STARTED WITH A *promise*

This is our story...

1868-----

Lutheran Family and Children's Services begins as the Lutheran Orphans' Home, built on 40 acres of ground in Des Peres, Missouri. The founding leader is The Rev. Johann Friederick Buenger, pastor of Immanuel Lutheran Church, St. Louis. Approximately 40 children live in the log home.

1873-----

The need for additional space leads to the construction of the second building made of brick and stone. On dedication day, 64 orphans call it home.

1893-----

A third building (with capacity for 150 children) is dedicated, replacing earlier buildings. Additional amenities include a three-acre vegetable garden, dairy farm, hogs, chickens, smoke house, bake house, and a school.

1903-----

The Lutheran Society for Homeless Children and Aged Persons is founded under the leadership of The Rev. F. W. Herzberger to provide family foster care and adoption services.

1924-----

A service building is added to the north side of the building. The basement is used for food storage. The main floor houses the latest mechanical equipment and the top floor contains the dentist office, doctor's office and several patient rooms.

1934-----

The Lutheran Society for Homeless Children and Aged Persons becomes a member of the Social Planning Council of St. Louis and focuses its services on children, renaming itself as the Lutheran Children's Friend Society of Missouri. Operations include service to deserted mothers, infants/children in foster care or available for adoption, and family counseling.

1935-----

Fire completely destroys the Lutheran Orphans' Home, but no one is hurt. Children and staff are housed in the German Protestant Orphans' Home on St. Charles Rock Road while the facility is rebuilt with generous contributions from the Lutheran community in St. Louis.

Since its founding, the Home has given refuge to 1,664 homeless or abandoned children.

1936-----

Construction is completed on the fourth Orphans' Home for a total cost of \$155,000.

1940-----

Lutheran Children's Friend Society of Missouri adopts casework standards of Child Welfare League of America as best practice and becomes a Licensed Child Placing Agency.

1941-----

United Charities admits membership to Lutheran Children's Friend Society of Missouri to begin receiving financial subsidies. LCFS also begins work towards meeting the casework standards set by the Child Welfare League of America.

1943-----

Lutheran Orphans' Home celebrates its 75th anniversary.

1946-----

Advocacy becomes a Lutheran Children's Friend Society of Missouri program to help educate and inform decision makers about the needs of our community and the impact their decisions make on the people of Missouri.

1947-----

A four-room school building is dedicated on the grounds of Lutheran Orphans' Home, a gift from Miss Bertha and Mr. Oscar Cremer in memory of their late brother Mr. Andrew Cremer.

1956-----

After 20 years of studies and encouragement, the Lutheran Orphans' Home and the Lutheran Children's Friend Society of Missouri are merged. The new name is Lutheran Children's Services. Rev. Alvin Welp is named Executive Director.

1964-----

Arnold Bringewatt is named Executive Director of Lutheran Children's Services.

1966-----

The Board of Directors votes to close the Children's Home and the Corporate delegate body approves the decision. A new office opens to house the combined staff at 634 North Grand.

"A long history of institutional care, 98 years, has come to an end. Inevitably so. Times change and knowledge increases. The agency must change with them and grow – or die. God has been gracious. The work is expanding....our work of helping families and children in other and new ways is free to grow, while the buildings and grounds help to support it rather than restrain it."

LFCS News and Views, Volume XXVIII, No. 9

1968-----

The agency is renamed Lutheran Family and Children's Services of Missouri, with three service departments: Community and Parish Services, Child Welfare, and Counseling.

LFCS celebrates its 100th anniversary.
