

We are grateful you have chosen to read our profile and get to know us a little better.

Although we have not met, the two of us feel as if we have already formed a connection with you. We will never be able to understand the decisions and challenges you have and will face; however, we would be blessed to walk along side you on this journey. If you do choose to make an adoption plan with us, we can not wait to meet you and your little one!

After many years of struggling with infertility, we are so excited at the chance to become parents through adoption. Our hope is that together we can navigate an open adoption; one that fits our unique, special relationship. Thanks to your love and selflessness, we will know the love of a child, and for that we will be forever grateful.

Kyle and Amanda

Why Adoption

After several years of struggling with infertility, we made the decision to pursue adoption. Adoption is a beautiful way to make a family. We realize that family is more than biology and all about love.

forever & always

Parenting

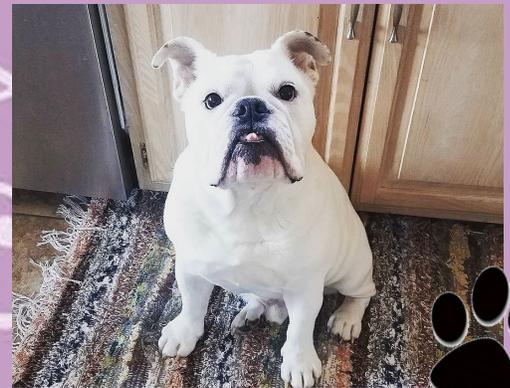

We want our child to feel safe and loved, unconditionally. We want to raise a caring individual that knows the importance of kindness not only to others, but themselves as well. When discipline is needed, we would like to be as positive as possible, but remain firm in our expectations of their behaviors and actions. Education is very important to us, and we will make it a priority in our child's life as well. We plan to be very involved in their education, making sure they live up to their full potential.

About us

Kyle is a hardworking sales representative who enjoys golf, car shows and barbecuing. He is extraverted and generous. Amanda is a prevention specialist. She is dedicated, passionate and selfless. She enjoys reading, singing, and antiquing. We have been married for 6 years and together for 13 years. We like to laugh and be goofy with each other. We love to pull pranks on one another as well as other people. We are also really good at making up funny songs about our dog, Dexter.

We are Disciples of Christ. We try to attend church regularly, and Amanda sings in the choir.

Childcare

When we return to work from maternity and paternity leave, our child will be in the care of Amanda's mom, "Yaya" and Kyle's mom, "Grandma."

Openness

We hope to find a level of openness that can work for all of us. Above all, we want what is best for our child. We want to maintain communication by way of pictures and letters. Both of us are open to developing a relationship with you, if the relationship moves in that direction, naturally.

Our home

We live in a 3 bedroom, 2 bath home located at the end of a quiet cul-de-sac, tucked back in the middle of a neighborhood. In our free time, we enjoy spending time with our family and having game nights. Family is an important part of our life, and we can be found most weekends hanging out with them or having our niece and nephews over for sleep overs.

Holidays

With both of our families living close, we are able to spend the holidays with both sides of the family. We always gather for Thanksgiving with Amanda's family. For Christmas, we spend Christmas Eve with Amanda's family, and Christmas day with Kyle's family. With both families, the days are spent playing games, assembling new toys, and eating a lot of good food! The family also gets together for barbeques on the summer holidays, as well.
