

Donnie and Rebecca

family

We are so honored that you are considering our family for your child. We respect you and the decisions you are making. We want you to know that we consider openness and honesty very important. The love you have for your child is overwhelming and we are excited to start this journey with you.

Sincerely,
Donnie, Rebecca & Collin

why adoption

We chose adoption because we have always wanted 2 children and after years of trying to conceive, Rebecca had to undergo a complete hysterectomy. When this happened we started praying for God to guide us in our decision to adopt or not. We both felt strongly that God has led us to adoption.

education and discipline

Every child is different and requires different discipline. We will use time-outs, natural and logical consequences, and taking away privileges depending on the needs of the child. We believe that children need a loving, stable environment to thrive. We currently send our son to public schools, and he has had great success.

openness and childcare

We are excited to welcome a new life into our little family. We would love to share letters and pictures with you. Once we return to work, Grandma and our church family will be caring for our little one.
