

MICHAEL & JESSICA

Dear Birth Parent,
Thank you for viewing our profile, we hope it will give you a glimpse of our life and the life we will share with our children. We have previously grown our family through adoption and know how special it is and the amazing joy that it brings. We appreciate the opportunity you are giving us to share a little bit about who we are.

We would love to have the opportunity of meeting you and learning more about you. We are very open to sharing pictures, letters, school work, and coloring pages with you! The choice you are making is something we will never take for granted. You will always be an important part of your child's story. We wish you the best as you make this special, selfless decision.

Thank you!

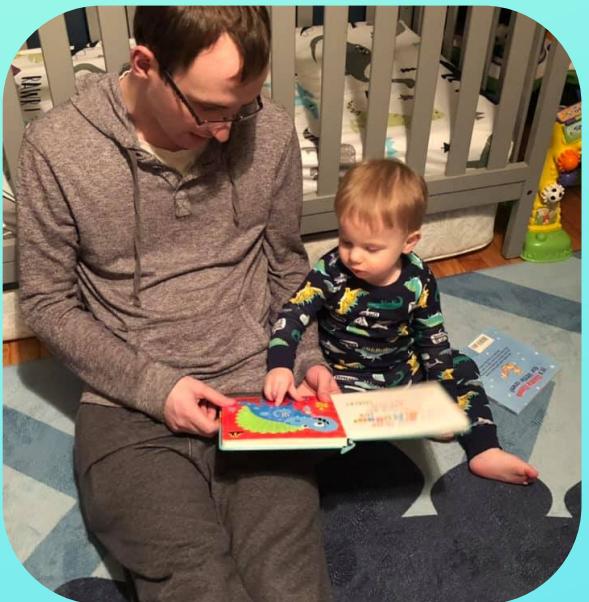

ABOUT MICHAEL

"Some of my favorite qualities about Michael are: his love for the Lord, his commitment to our son and I, the love that his family shares, his patient and laid back personality, his attention to detail, and the morals that he lives by. I know that our children will always hear good things when they listen to their daddy and see good things when they watch him. Michael is a wonderful man and an even better dad.' - Jessica

ABOUT ELI

Eli makes us laugh everyday with his silly personality. We are so glad that adoption gave us the opportunity to be parents to such a wonderful boy. We both grew up with siblings and hope that Eli will get to share his adventures with a brother or sister. We know how special adoption is and we can't wait to add another child to our family.

ABOUT JESSICA

"Jessica is the woman that every man hopes he will find someday. She loves Eli and I more than anything, she loves to crack jokes, she is supportive when I need it most, she knows how to cook, and she loves God. She is an amazing mother to our son and I love seeing her read, play, sing and dance with him. It always puts a smile on my face when I watch her rock Eli to sleep or laugh at something silly he does. I know she will show the same love for our next child." -

Michael

WHY ADOPTION?

We always envisioned a life with children. After trying to get pregnant, we went to the doctor and learned it would be very difficult for us to conceive naturally. We prayed about our options and feel that God's plan for us to grow our family is through adoption. We welcomed our son into our family in 2017. Adoption has not only given us a child, but has given us family, memories, adventures and traditions; we look forward to including another little one in these everyday moments.

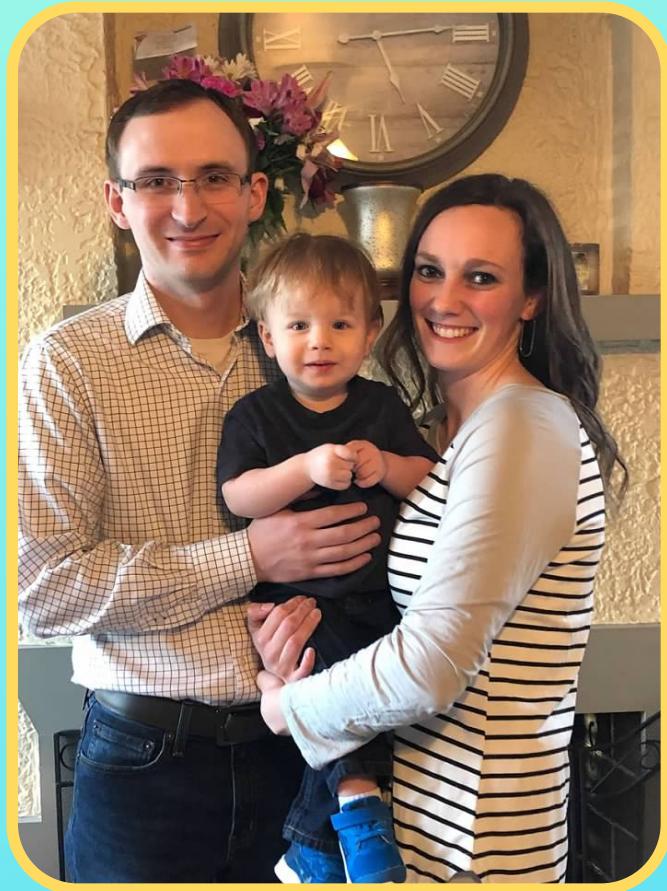

PARENTING

We will do our very best to raise our children to be a responsible adult someday. We will provide a safe, peaceful, fun and stable home. We feel that having routines and communicating about expectations is important. We know that no one is perfect and will show love, grace, and forgiveness to our children. We want our children to learn to display good character in their everyday life. We value education. We live in a small town with good schools. Jessica taught in our town's elementary school for six years. She plans stay at home until our children start school. If she returns to teaching our children will attend the school where she teaches.

OUR FAITH

We have attended church together since we first started dating. We attend church on a regular basis. We pray in our home and when you turn on our radio it is almost always on a Christian radio station. Jessica and Eli also go to a bible study with other moms and children once a week. We are excited to teach our children about the love of God by being good role models, going to church, reading religious books together, listening to Christian music and being around people that share the same love for God.

OUR HOME

We have a three bedroom, two bathroom house that we have lived in for seven years. We have done a lot of remodeling and we consider our home to be a peaceful, cozy place. We are within walking distance to parks, schools, Michael's work and the library.
