

Jenna & Matthew

We have been patiently awaiting Gods plan for our family. We are excited to grow our family through adoption. Thank you for taking the time to look at our book and consider our family. We are so thankful that you have so much courage and love for this child that you would consider adoption. We will be praying for you and your peace and comfort as you make this decision. Please know that if you choose us that this child will forever be showered with love, joy, and blessings.

We do not have any children and have been praying to grow our family for many years. We have struggled with infertility in the past and we have decided that adoption is the best plan for our family. We have the most amazing families and friends. They are beyond excited to be a part of our adoption journey.

With Love and Open Hearts,
Matt & Jenna

About Us:

We have been married for 14 years and we are so ready to grow our family through adoption. Jenna is a school librarian and Matthew works for a company that designs and builds machinery for factories. Together, we own a farm where we raise beef cattle. We love being outdoors, fishing, gardening, hunting, and hiking. Family is very important to us and we live close to many family members, who we spend time with as often as possible.

Why Adoption?

We have been struggling with infertility for over 12 years. We have been praying about our options to grow our family. God has led us to adoption and we feel as though it has been God's plan for us all along.

Openness:

We look forward to meeting you and building a relationship with you through pictures and letters throughout the years. We have an adoption journal that we will begin to fill out if we are chosen by you that will tell our child's story. We look forward to reading the journal to them as they grow and explaining to them how you loved them so much that you selflessly and courageously chose adoption for them.

We are blessed to have the most amazing childcare. Matt's mother lives next door to us and will be our full time babysitter. She is an amazing childcare provider.

Childcare:

Parenting

We plan to raise our children with the guidance of God. We will provide a life where a child feels secure in the love and support of their family. We will raise our children with Christian values and we will promote respect for all people. Our children will be encouraged to pursue their dreams, whatever they may be. College is very important to us so we will begin a college savings fund and will provide for a college education and other opportunities as well. We will use time-outs, reward charts, and removal of privileges in our home. We will introduce our children to new adventures; music class, swim lessons, golf, fishing, art, science, traveling, farming etc. We also enjoy simple things like going to the park, hiking around the farm, visiting friends and family, going to local attractions and sometimes just sitting home and hanging out. We plan to share these experiences, and more importantly all of the unconditional love that we have, with a new baby.

Our Home:

The Lord has blessed us with a beautiful home on the farm. We live just 8 miles from town and just a few minutes from family.

Thank you for
taking time to
consider us!
