

Jordan *and* Bethany

We have known each other since we were in 4th grade and were friends throughout high school. However, it wasn't until a couple years after high school that we reconnected and began dating! Thankfully, we both already knew each others' families, so we felt comfortable dating!

We dated for 7 months before we got married on July 1, 2016. It was a wonderful day, celebrating with our family and close friends! Since that day, we have had many experiences! Bethany graduated from college, Jordan and Bethany got their dream jobs, many vacations spent making memories, and a mission trip in Mexico!

We are truly each others' best friends and are excited to enter a new phase in our relationship by becoming parents!

Dear Birth Parent,

We have been praying for you since we began this journey. We can't imagine the emotions you have been going through as you made the selfless decision to make an adoption plan for your child.

We want to thank you for taking the time to read through our profile to get to know us and our family better. Adoption plays an important role in our lives, because Jordan was adopted by his step-dad!

Daisy & Meadow

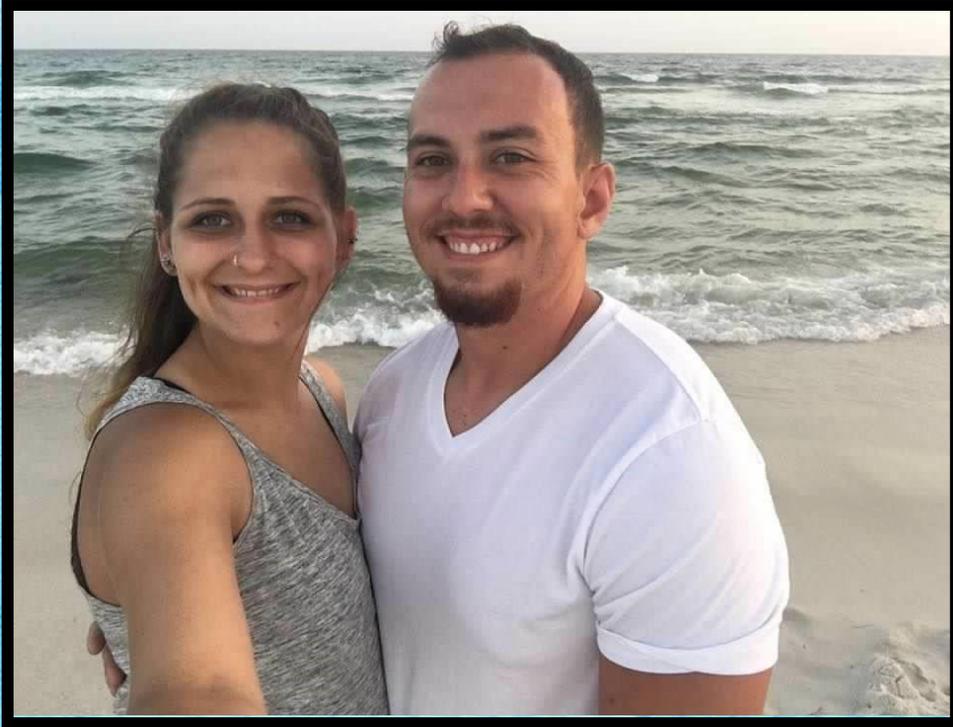

Our Home

We recently bought our first home and it is a 1977 remodeled home! We are very excited to grow our family while living in his home. We live in a very quiet neighborhood with lots of other young families. There are several different schools and parks within a 5-minute drive of our house. We are located close to a shopping mall, recreation areas, and two hospitals.

We have two yellow labs! Daisy is four, and Meadow is one! They are best friends and great with kids! Meadow is playful and Daisy is a big snuggle bug! They can't wait for us to bring home a baby!

Our Traditions

We LOVE to travel and make memories! We have spent a couple vacations on the beach in both Florida and Mexico, the lake, and on mission trips to Mexico! We plan to take family vacations and make fun memories with our children on vacation!

We spend our holidays surrounded by family -- at Bethany's family, Jordan's family, or with each other. We always have get-togethers with lots of food, fun, and relaxing! Usually one holiday is spent in Texas, spending time with Bethany's family at the family farm!

Why Adoption?

We have always wanted to adopt, we just assumed we would have biological children first and then adopt! However, God had other plans for us! Once we ran into fertility issues and were unable to naturally conceive, we began to pray that God would prepare our hearts to adopt sooner -- and He did! We are so excited to be on this journey and cannot wait to meet the child who God has for us!

We believe that adoption is a beautiful representation of how Christ adopts us into his family just like his own. We believe that adoption is a decision that is surrounded by love for the one being adopted.

Openness

We would be honored to keep you updated on your child's life through exchanging letters, pictures, and emails, and we are open to meeting as well. We are willing to discuss the level of openness with you as time develops.

We believe that birth parents are making an incredibly difficult decision, completely out of love for their child. We will speak nothing but good things about you and will raise your child to know how much you love them and how you wanted what was absolutely best for them.
