Kenneth & Lauren

About Us

We were both born and raised in small towns in Missouri. We met soon after Lauren graduated from high school, over 12 years ago.

What started out as an amazing friendship between us, the relationship soon flourished into something more.

We have now been married for almost 5 years, continuing to fall more in love each day. Our different personalities complement one another well.

We are both very well established in our jobs, we are active in our community, church, and volunteer organizations.

Lauren

Lauren is energetic, outgoing, and loves hard. She works as a Client Service Specialist for a local bank.

Her hobbies include kayaking, reading, gardening, and spending time with family and friends. She

has a genuine concern for the well-being of others around her, with a strong sense of right and wrong, always trying to live up to high moral standards.

Kenneth

Kenneth is adventurous, family oriented, and can fix anything. He works as a Maintenance Technician on a daily basis. His hobbies include yard work, working on vehicles, shooting guns for sport, and watching movies. He is my perfect match as he has always made me laugh when I was sad, picked me up when I was down, and cheered me on through difficult journeys.

OUR VIEWS ON

Openness

We would be so excited to share letters and pictures throughout the years. As we meet and become more acquainted with one another, we would love to for the relationship to grow into something more. We want you to know that you will always have a special place in our hearts. You are important, and will always be important in the life of this child.

To us, being a parent means always providing a safe, loving, and understanding foundation to help a child learn and grow.

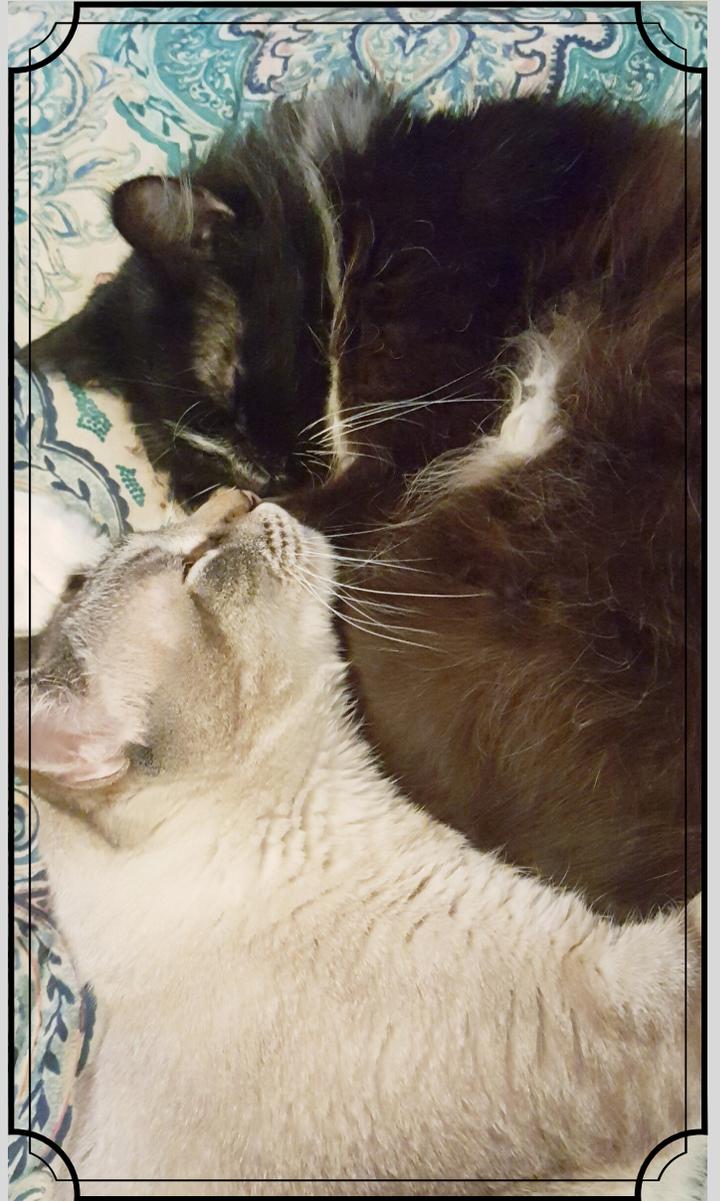

We believe that being a parent means understanding that it's just as important to a child to celebrate their accomplishments as it is to hug them when they're feeling sad.

Our Home

We live in a quiet neighborhood, nestled on 3.5 acres. Our home is a ranch-style house with 3 bedrooms, 2 baths, and a 3 car garage. We bought our home a couple years ago, and continue to do upgrades and improvements to make it our own. Our home is only a few short miles from the elementary and high school. We live close to many family members and friends as well. We love having plenty of room for a child to run and explore.
