Thanks for taking a look at our profile!

Dear Birth Parent,

Thank you so much for taking the time to learn about us and considering us as you make the difficult decision of who will parent your child. We hope that through this book you can see the amazing amount of love that we have for each other, our families, friends, and future child. We are excited to become parents and welcome a child into our lives.

We want you to know how much respect and love we feel for you already. We wish you all the strength and the courage you need as you journey through this process. We know that you want what is best for your baby, and we pray that you will find us to be all that you hope for your child.

Alex and Kelsi

Alex

I work as an insurance agent.

When I'm not working, I enjoy movies and reading. I also enjoy history, hanging out with friends, and helping community projects. I also like learning new things in particular learning new technologies.

All About Us

Kelsi

I love my job as a pre-K through 6th grade art teacher and volleyball coach. I love anything to do with art and cooking. Running and staying active are also very important to me. I enjoy participating in races and community activities. Teaching art and coaching volleyball are also a part of my passion. I enjoy learn new things and facing life's challenges.

Us as a Couple

We both grew up in Missouri; Kelsi in the Kansas City area and Alex around the Lake of the Ozarks area. We met in 2011 in college and got married in July of 2014. We have always wanted to have kids. Family is extremely important to us, and we are excited to add a child to ours.

We love to spend time doing things with our friends. Whether that be traveling with them or meeting up for lunches. Also, we enjoy going to movies, running, community events, and of course traveling.

Our Home

We live in a three bedroom, two bathroom home with a large kitchen and living area. We also have a huge front yard. We live close to the river and are part of a tight-knit lake community. We are also just a five-minute drive from the park and trails in our town.

Our Pets

Ody is a dachshund and he loves to play and cuddle. Callie is a Great Pyrenees mix and she is super sweet and loves hugs. Max is our old beagle that loves to sleep and be petted.

OPENNESS

OUR PHILOSOPHY & PLAN

Being open is important -- we want our child to know that they are loved all the way around. Communicating is very important and we would like to start with you through photos, letters, emails and then we can build on what feels like the best fit.

WHY ADOPT?

HOW DID WE MAKE THE DECISION?

We have taken the first few years of our marriage to enjoy each other. Once we felt ready, we decided to start growing our family. Trying on our own was not working and that's when we found out we were having infertility issues. We have always wanted to adopt because we feel like we have a lot of love to give and we are super excited to bring baby home.
