

Nick and Amanda

Dear Expectant Parent,

We are Nick and Amanda. It is a pleasure to meet you. Thank you for taking time to learn a little about us. We admire your sacrifice and would be honored to be part of your journey. We are so excited to become parents! We have so much love to give and would like nothing more than to welcome a baby into our family. We have been trying to have a child naturally and with IVF for 4 years. We feel our path has led us to adoption and we are overwhelmed by the joy we already feel for our future child.

We want you to know that you will always have a special place in our family. You will always be important to this child. We plan to share our child's adoption story with them from the beginning. We feel if they grow up hearing their story it will be a normal part of their life. No matter what the child's race/ethnicity is, we plan to learn as much as we can about their background/heritage to incorporate it into our family. We can promise you that we will do everything in our power to ensure your child will grow up happy, loved, and cared for. Your child will always know how much you love them.

About Us

People always say that we are a perfect match. We both love to be active, travel, go hiking, play golf, and try new things. We also love staying home, eating pasta, watching a good movie, and spoiling our nieces and nephew.

These are a few of our favorite things...

Chiefs, golf, concerts, walking Ivy, plays, movies, traveling, ice cream, fall, Harry Potter, Italian food, family and the lake.

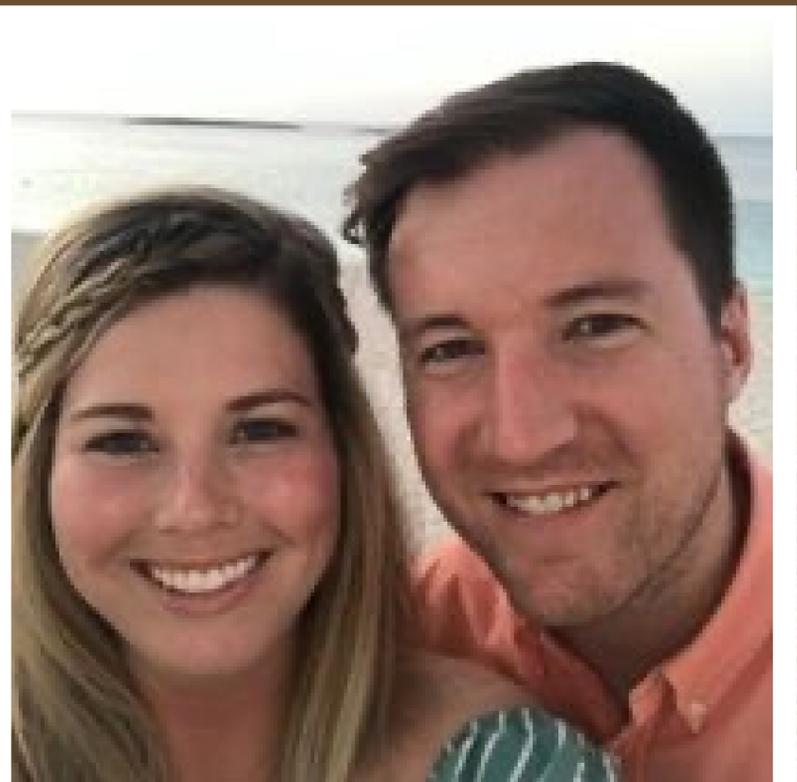

Amanda

Amanda is such an amazing person. She is the greatest blessing in my entire life. She is the most loving, hardworking, and thoughtful person I know. She has a very warm and inviting personality that instantly makes people comfortable and enjoy being around her.

Nick

Nick is one of the best people I know. He is my best friend, love of my life, and partner. We have been through so much together and have only grown closer. He is caring, laid back, and creative. Something a lot of people do not know is, he is an excellent artist. One of my favorite things about Nick is his love for animals. He will stop the car and help a turtle stranded in the middle of the street.

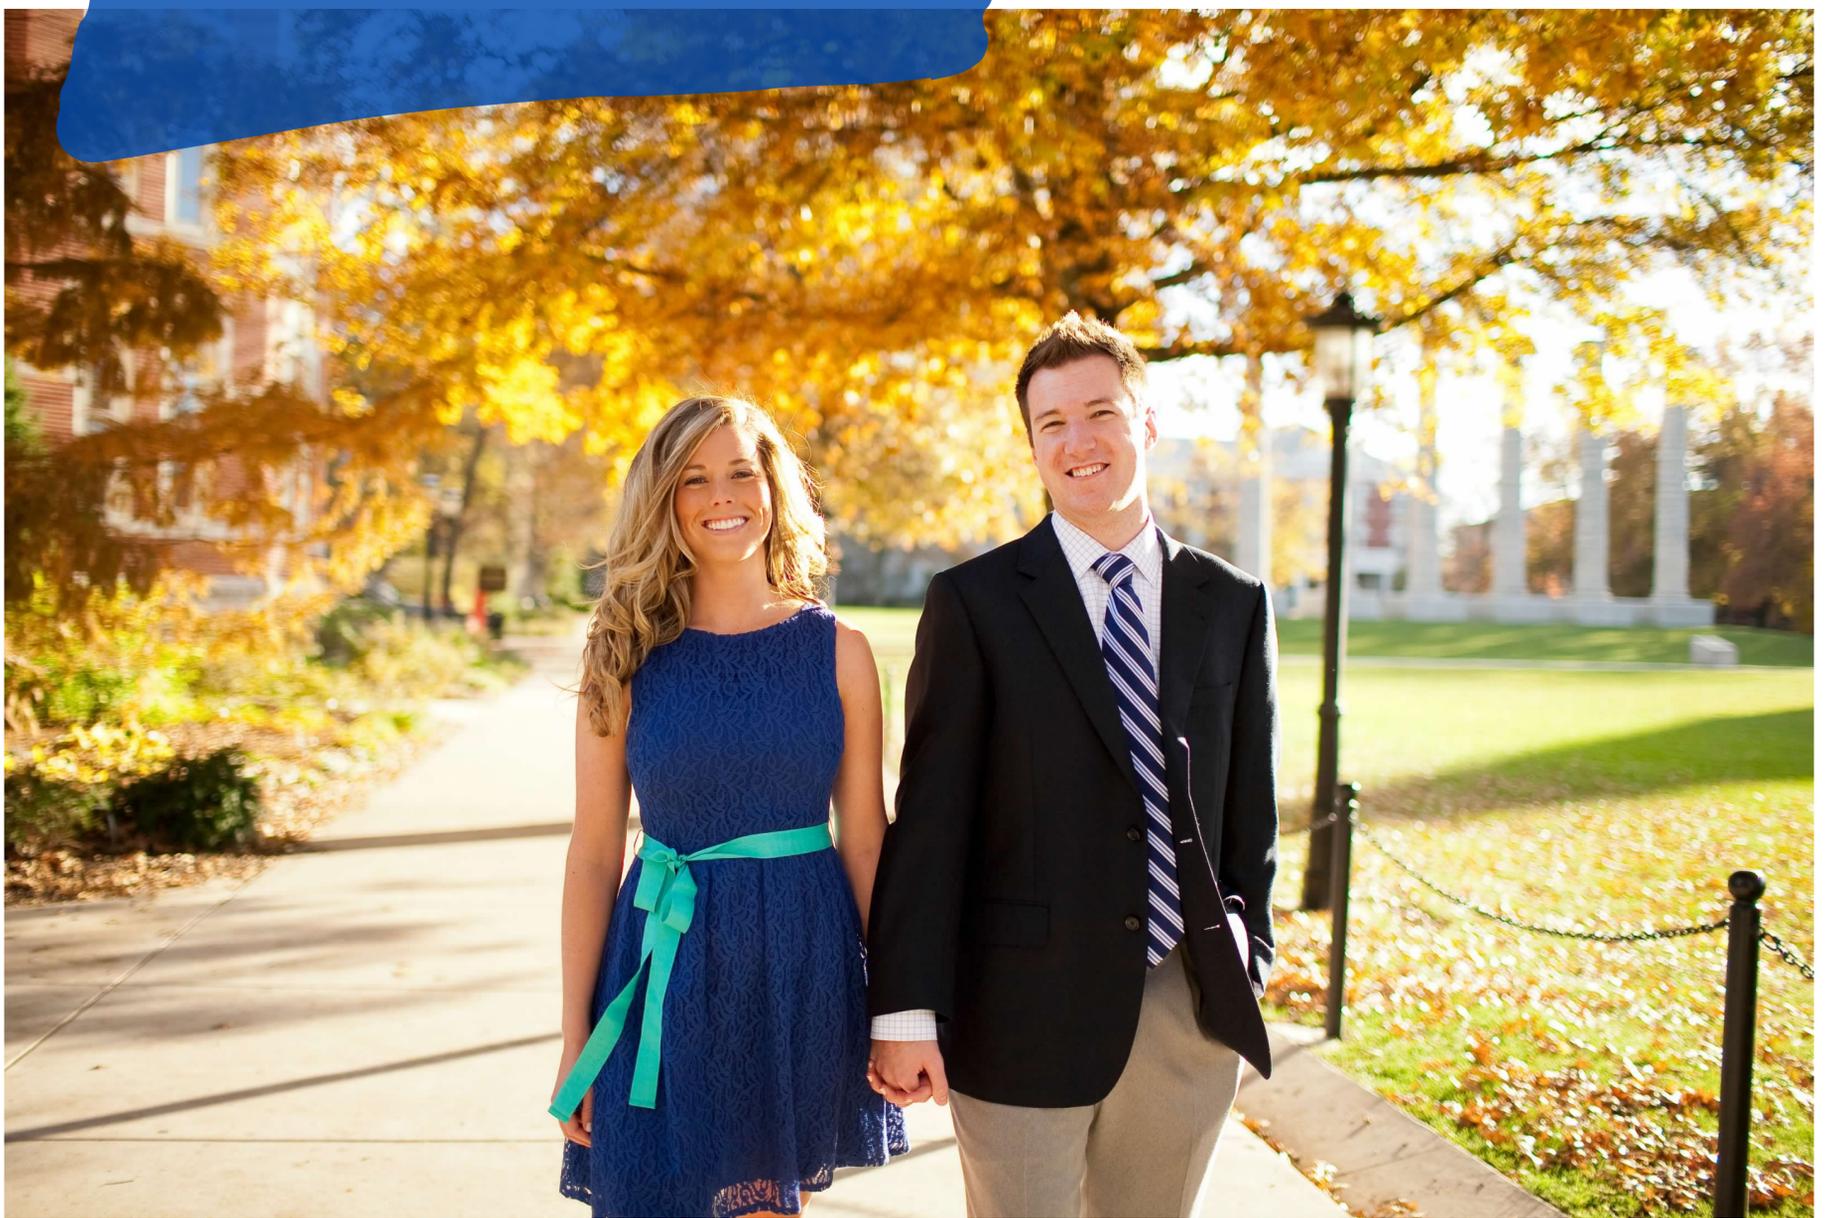

Our Home

Our home is one of our favorite places to be. We purchased it together 6 years ago. It truly has a warm feeling when you enter. Amanda likes to find antique/rustic furniture and decor to fill our home with. We can not wait to add baby photos to the walls. It is so peaceful in our backyard. It has big trees and a big patio to relax on.

Ivy

Ivy (6) is our precious shih tzu. She is great with kids and we love her to pieces!

Thank you!!!

Thank you so much for taking the time to get to know us! We cant even begin to imagine what you are going through and how difficult this decision is. We want to thank you for being so brave. We know you want what is best for your child. Adoption is truly a selfless act of love. Thank you for choosing a beautiful gift to give your child and us. We look forward to meeting you.
