

DAVID *and* JESSICA

Dear Birth Parent,

Your incredible decision is life changing. It will change your life, our life, and this sweet baby's life. This decision takes a great deal of courage. We are honored that you are taking the time to get to know us and catch a glimpse of the life that we are longing to share with another child as part of our family.

Please know that we do not take this responsibility lightly. Parenting has been a dream that we have looked forward to for years. Our daughter Harper is a blessing and we can't wait to add another child to our family. We can assure you that we will do everything in our power to provide an incredible home for any child we are blessed to receive. We will continually strive to meet the physical, emotional, and spiritual needs of this child.

Love,
David and
Jessica

David

I'm an outgoing pastor that loves our city. I love to read books, write, watch baseball and play golf during the warmer months. I love to spend time getting to know people and learning about who they are. I look forward to sharing my love for reading and baseball in the future with our children.

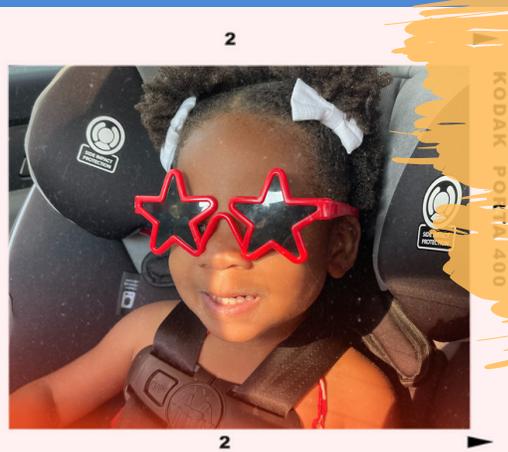

I love to laugh and make people laugh. I love having people in our home to care for or show hospitality. This carries over to my job as a teacher where I can care for my students on a daily basis. I have always wanted to be a mom and I am loving getting to experience this each day with out daughter. I can't wait to add another child to the mix!

Jessica

Harper

Our daughter Harper is two years old. She is full of personality and is always making us laugh with one of her antics. We are so thankful that she is part of our lives and we can't wait to see her transition into the big sister roll.

Our Home

We have a beautiful four bedroom, two bathroom ranch style home. It is approximately 2300 square feet and has plenty of space to enjoy time together. We live in a quiet older neighborhood. Our home has a large family room in addition to a formal living area where we can come together as a family to spend time together. We have enjoyed slowly refinishing areas of our home. We also have a large fenced-in backyard where we can play in the warmer months and run around with our dog, Stella. We enjoy sitting on the front porch and riding bikes or riding toys in the large driveway.

We live in a pretty quiet community in the center of the city. We have a nice neighbors and it's easy to get around to all of the fun things to do in the city or the grocery stores. We have multiple parks and pools that are nearby where we can go to play and run.

Thank You!

We can't promise that we will be perfect parents. We are humans and we will make mistakes. However, we will promise to you that we will try to be the best parents we can be. We promise to love our children unconditionally and do what is best for them. We do not take adoption lightly and recognize that what we are doing is a commitment and a huge blessing. Whatever your decision may be, we pray that you will have a feeling of peace. Thank you for taking time to read this. May God bless you and keep you.
