

Lee and Robin

Hello!

Although we haven't met you yet, we already know you're incredible, strong, and courageous. We want you to know that we have been praying for you as you make the best decision for yourself and for your child's future.

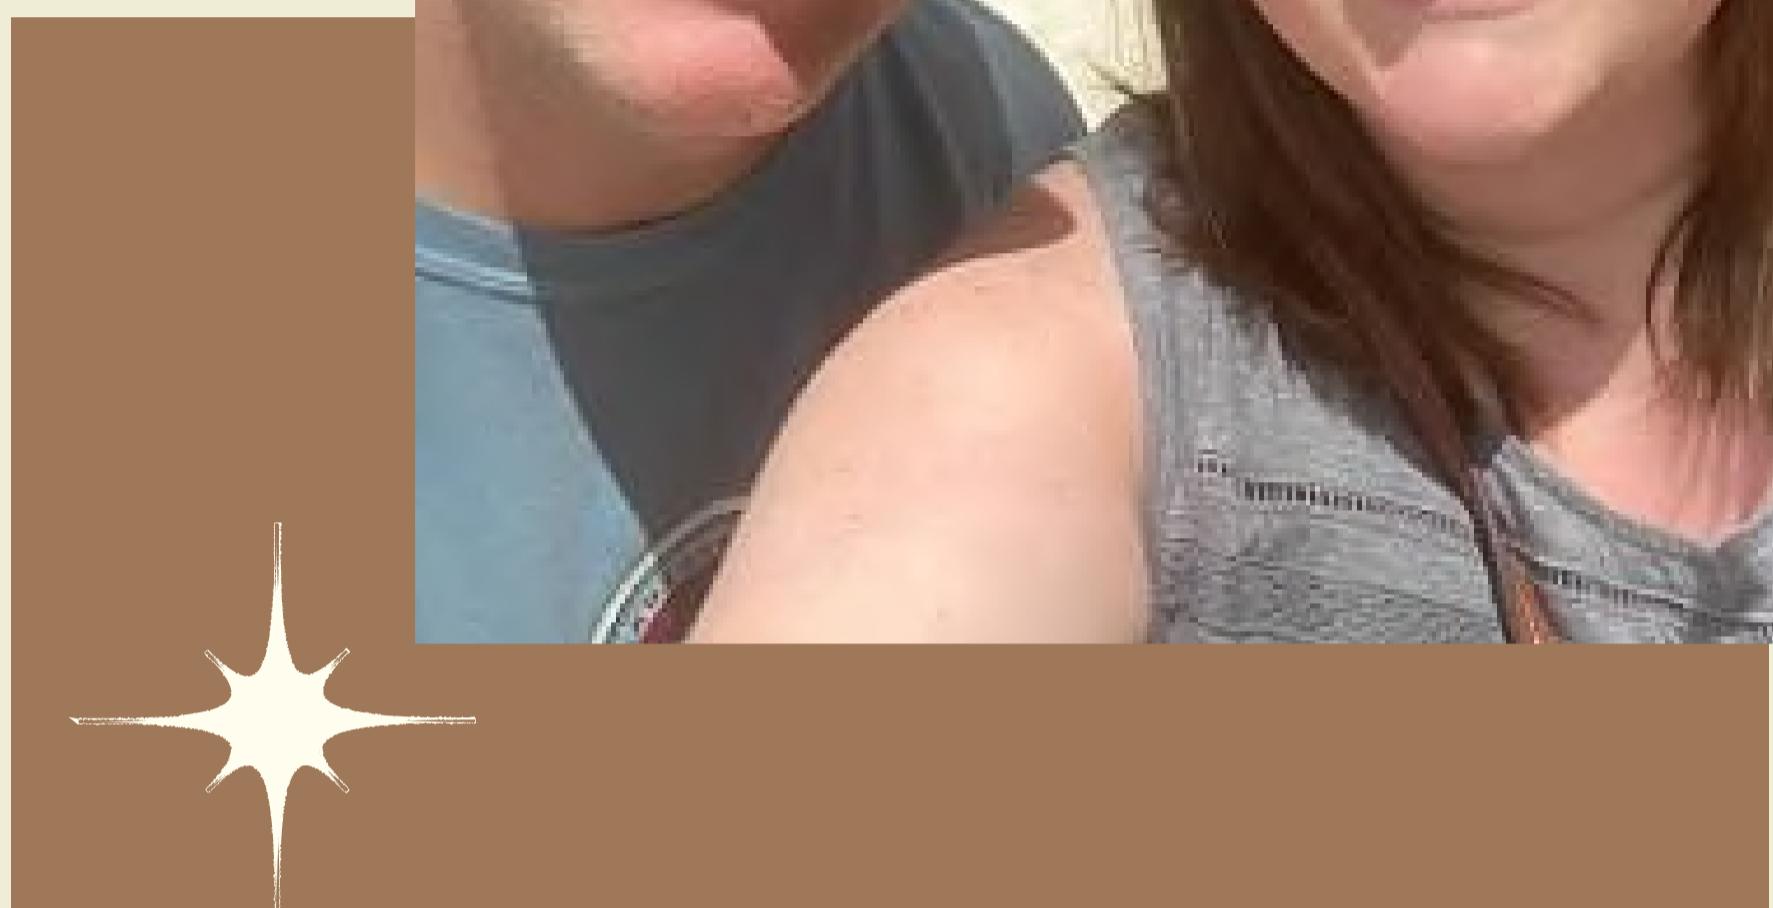

Thank you for taking the time to learn more about our family. It is our hope that as you read our book, you will not only see but feel the support and love we have for you and your child.

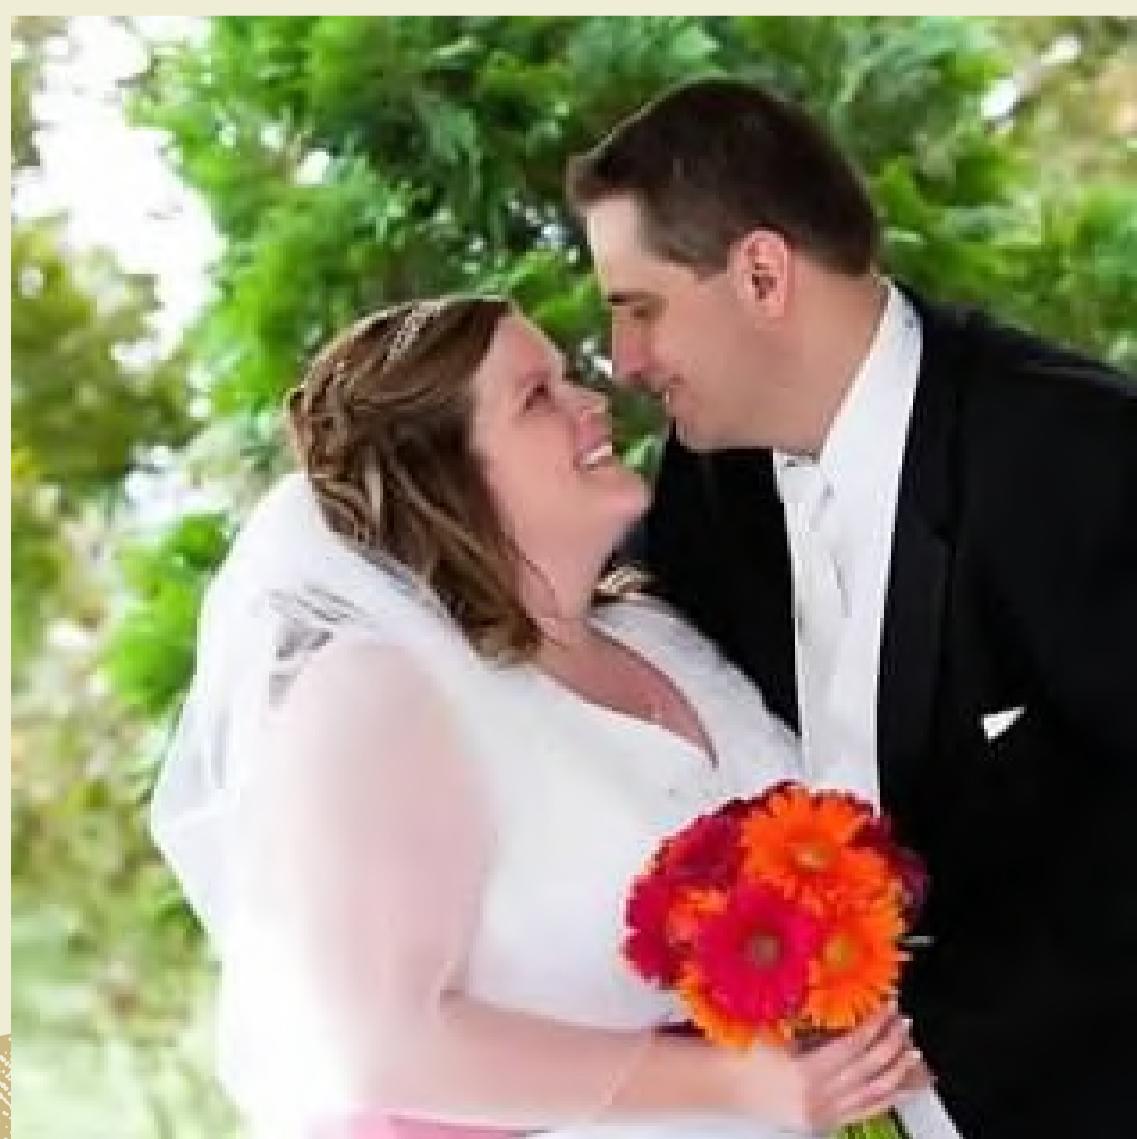

*With all
our love,
Lee and
Robin*

About Us

It has always been our dream to be parents. However, we struggled with infertility and conceiving naturally. After spending a long time in prayer, we came together as a couple both desiring to pursue adoption as a way to grow our family. We are so excited to become parents and know that adoption will give us the greatest gift!

We met in 2008 when mutual friends took us on a blind double date to the fair. We dated for 7 months until Lee proposed near a waterfall at our favorite park. We got married at our favorite winery surrounded by friends and family. We have been happily married for 12 years!

Philosophy of Openness

We believe that open adoption is best for everyone involved and want your child to know their adoption story and the important connection to you. We promise to honor you in the way we speak about you to your child and are committed to having a relationship with you in whatever way you're most comfortable with. We are also committed to sending you updates about your child and future visits between us all if so desired.

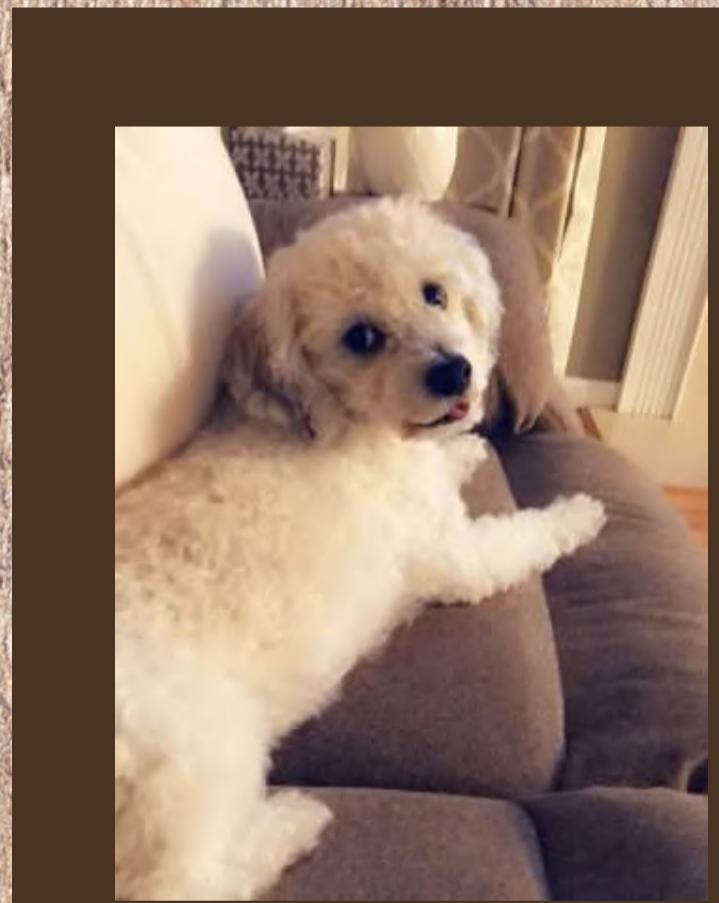

Our Home

We live in a 3 bedroom home in a small town that is on the outskirts of a larger community. We have a large backyard that would be perfect for a swing-set and for playing outside. Our basement is finished and has a rec-area, space to relax and enjoy a movie and to play. Our neighborhood is diverse and has a lot of young families for children to play

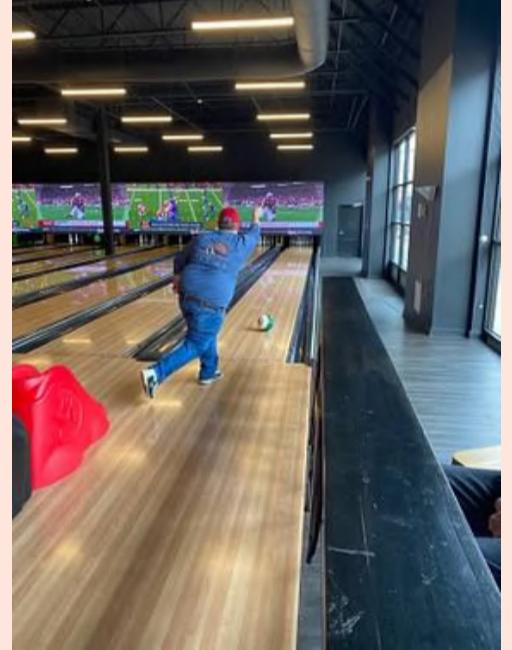

Our Dog Bennie

Bennie is our only pet and is an 11 year old Bichon Frise. We like to say that he is, "very well loved" but what that really means is that he is spoiled! He has a very sweet and calm personality. The neighborhood kids love to stop to say "Hi" and pet him - and he sure soaks up all the attention! He loves going for walks in the park, belly rubs, laying in our laps, cheese, and his stuffed animal snake toy that he carries around everywhere.

Our Life Together

We love to travel and almost every vacation we go on is with our families! We typically go to Branson several times a year because there is so much for families to do there. Robin's sister has a vacation home in Florida and we love to go there every summer. We also like to go to St. Louis Cardinals and Blues games, go bowling, play board and card games, go to the movies (we are big Marvel fans!), explore parks in our area with our dog Bennie, and swim. Robin's sister has a pool and lives nearby so our family spends a lot of time there in the summer.

Thank you

Our promise to you is that your child will always feel an abundance of love and acceptance. We promise that your child will join a family that is committed to each other in sharing full and happy experiences. We also promise to help guide and nurture your child and support them in anything they are passionate about in life.

Please know that we pray for you daily - that you feel comfort and support as you navigate such a big decision for you and your child's future.

*With Grateful hearts,
Lee and Robin*
