

AARON &
RACHEL

Dear Birth Parent,

We are humbled that you are taking time to learn about our family. We are also praying for God's guidance in your life as you make the decision to pursue an adoption plan. While we cannot completely relate to the choices that you face, we value and admire your strength and courage. It is our hope, as we share our story, that a respectful relationship will develop and grow.

Our family isn't perfect, but we are loving, kind and loyal to one another. We love to laugh and have fun! We value hard work, education and, above all else, our Christian faith. It is our faith in Christ that allows us to see past any circumstances we may experience and reminds us that we are deeply loved. It is our hope that you are reminded of God's unfailing faithfulness every day.

Love, Aaron and Rachel

About Us

Our relationship began when we met making apple pies at our church in 2007. We began dating in 2010, and we got married in September of 2012. Our daughter Piper was born in 2015, and after years of infertility, our son Henry joined our family through adoption in 2020. Both of us work in ministry, so faith is a big part of our lives. We love going on adventures, traveling, exploring the outdoors, and celebrating holidays with our friends and family. We enjoy having new experiences, trying new foods and going to places we've never been before. We vacation at least once or twice a year in order to create new memories together as a family.

Rachel

Future Occupation: Baseball Player

Hobbies: Playing outside, soccer, basketball, Marble Run, and cars

Henry

Parenting & Openness

We chose adoption as a way to grow our family after experiencing issues with infertility. Through adoption, we hope to offer our children a supportive and encouraging home where they are loved wholeheartedly. We look forward to meeting our child's birth family, and interacting through emails, letters, pictures and videos. We recognize the important role that a birth family plays in an adopted child's life story. After building a supportive and trusting relationship, we hope to have in-person visits as well.

Our House

We live in a tri-level home on a dead-end street in a quiet neighborhood.

Our home has three bedrooms, two-and-a-half bathrooms, and two large family areas. We have a spacious, fenced backyard and a finished basement. Our favorite part of the home is our dining room, where we eat together, play games, and work on projects.

Our Pets

Our family loves animals! Aaron was raised with pet dogs, and Rachel grew up around horses, goats, rabbits, cats, and birds. We would like for our children to grow up with a respect and love for animals and nature.

We have four cats (Yadi, Lena, Toodles and She-Ra) and one dog named Fleur.

Thank You!

Thank you for considering our family as a part of you and your child's adoption plan. We sincerely want you to know that we are committed to loving your child with the fullness of our hearts! We long to provide a home full of God's grace and peace, where your child knows security, joy and trust in their family and community members.
