

DREW & BRITTNEY

DEAR BIRTH PARENT,

Thank you for taking the time to get to know us. I hope this profile gives you a glimpse at how much we love each other, and how thankful we are for the support system we have around us.

Even though we have never met you, we understand that the decision you are considering is a confusing and challenging one.

We also understand how selfless and brave you are for it. We offer our sincere support and our open hearts to you throughout this journey. We promise that your baby will be loved, cherished, nurtured, and guided. We promise to support him/her in whatever

they are passionate about in life. We promise to give hugs everyday and surround them with love. We are honored for the opportunity to tell you our dreams for the future. It's important to

us to be open with an adopted child about their roots, background, story, and especially the importance of you.

LOVE,
DREW &
BRITTNEY

ABOUT US

Drew had gone into a little restaurant to watch a baseball game.

He was new to the area, and was trying to find the best new food spot. He walked in and was hooked when he saw a "red-headed angel" (his words) behind the bar. Brittney was managing a little restaurant, and after just talking to Drew for 5 minutes, had this feeling that this man was going to change her life. Sparks flew, and let's just say Drew became the restaurant's #1 customer!

We dated for 4 years, and have been married for 2. It has been the most beautiful, adventurous time of our lives and we are super excited to see what the future holds!

PHILOSOPHY OF OPENNESS

We are supportive of open adoption, and look forward to working together to create a plan that will honor and respect the level of openness you choose for you, your family, and your child.

We will happily exchange photos and letters, and hope to maintain a connection through visits, telephone calls, and emails. Most importantly is that your child know the adoption plan was made with love.

DREW

I grew up in a smaller town and family is a huge part of my life. For as long as I can remember, I've always been in team sports, and basketball has been my main vehicle in life! I played basketball in college and became an assistant coach at Doane College, where I earned my Master's Degree in Education. I am now living my dream job as a High School Head Basketball Coach and PE/Health Teacher. I love working out, working with kids, super heroes, and FOOD!! The glass is always "Half Full" in my world. I always find the positives in life!

I was born in Germany. My mother is English and my Father was an American in the Air Force. In my early years, I grew up overseas. I moved back to America at the age of 6. Family is very important to me and I keep them as my top priority. I have accomplished many studies in finance, business, and management. I am a remote worker for the Treasury Department of a Bank. I love the Fall season, and anything Christmas-related. I love curling up with a good book with a hot cup of tea, and maybe a sweet treat.

PHILOSOPHY OF PARENTING

We have always dreamed about being parents. We plan to raise our child using Love and Logic. It is very important that our child develops a positive self image by offering empathy, and understanding to help them handle whatever life may throw at them. We plan to include their roots, culture, and heritage into our everyday lives so they can grow up knowing all parts of their story. Our top priority is to make sure he or she is happy, healthy, and is surrounded by love.

OUR PROMISE TO YOU:

We can't promise to be perfect parents and have a picture perfect life, but we can and will promise to do our best in the happy times and the hard times alike. Our main values we live by and will instill in our child are to love everyone and do the right thing! We tried our best to show you who we are and how important family is to us. Thank you so much for giving us a chance and if there is anything else you want to know, please don't hesitate to ask!

SINCERELY,

**DREW &
BRITTNEY**
