

ERMIN

& DZEVADA

hello

We hope that with our adoption profile, you get to know us enough to know how grateful we are for the courage and love you have for your baby. We understand this is a difficult time for you and want you to know that if you decide to make an adoption plan, we will love your baby with all of our hearts and will provide a safe and loving home at all times.

Also, we assure you that we will respect you and your wishes, and would like to honor whatever level of openness and contact you wish to have with your child. We will pray to God for you and your baby as you go through the pregnancy and this difficult journey that lies ahead of you.

We don't know what future may bring and what plans may arise or change, but one thing we do know is that your child will grow up in a home where his or her parents have love and respect for each other. He or she will be surrounded by bunch of loud, fun-loving grandparents, aunts, uncles, and many cousins who can't wait to meet the child who will join our family someday.

If you choose us, we are very excited about a chance to meet you and are happy to answer any questions you may have. We would be thrilled to welcome you and your child into our family and hope and pray that you will be able to find peace with whatever decision you make.

sincerely,

ERMIN & DZEVADA

about US

Since we both enjoy yard work, we do it together. we also like to spend time learning foreign languages together by using app called babble.

we enjoy spending time doing pretty much anything but our favorite thing of all is, skiing during winter and traveling.

We also work together. we own internet-based store which sells used car parts. we run our business from home which gives us allot of flexibility. this is work we feel good about, because it also gives us an opportunity to help our struggling planet by recycling used parts.

We have tried to grow our family the conventional way, but after trying for a few years, including several rounds of IVF, and three miscarriages, we realized that God might have a different plan for us. We have decided to grow our family through adoption. We believe that we have lots of love to give and would love to parent a child and raise him or her into a strong, independent adult.

ERMIN

Ermin is fun, loving and generous. He likes to read in his free time, as well as playing different games. He also likes to watch football. Ermin loves to travel. Very often, he is trying to find fun places to visit. We mostly go alone, but sometimes with family. He also likes to play different games and read.

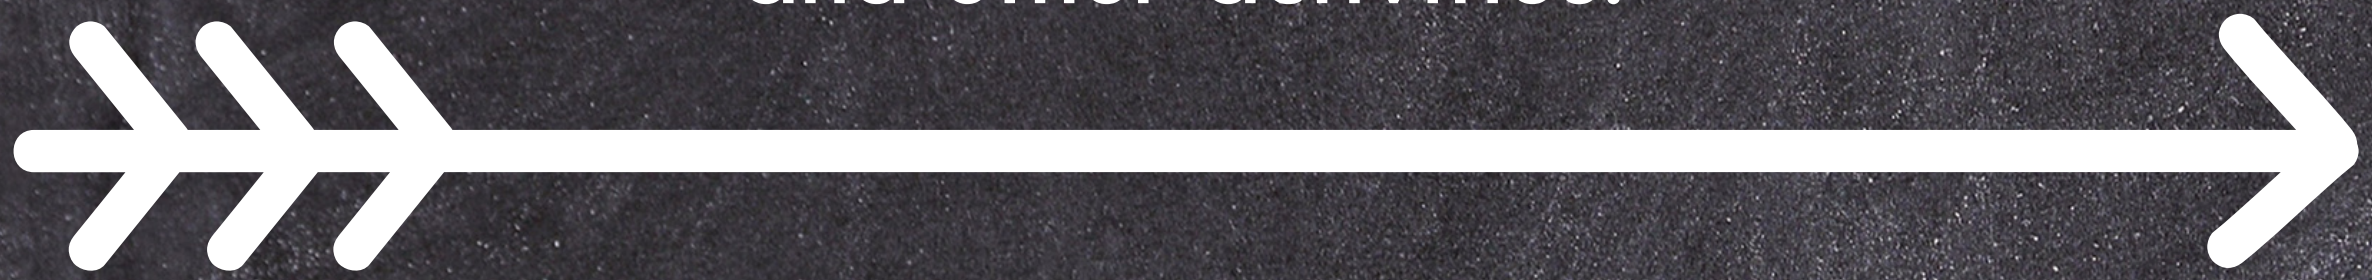

DZEVADA

Dzevada is loving, compassionate and funny. She enjoys taking photos of beautiful flowers and sunsets. She likes to pretend play and take our nieces on field trips, as well as spending time with our teenage nephew. In her free time, Dzevada likes to read and paint. her favorite thing to do is traveling with ermin.

philosophy of ADOPTION

We are planning on telling our child about the adoption from the beginning. We would want our child to know his/hers birth parents and encourage a relationship with them. If our child comes from a different culture, we will make sure we educate ourselves on the particular culture and expose our child to it through books, games, visiting cultural centers, and other activities.

philosophy of PARENTING

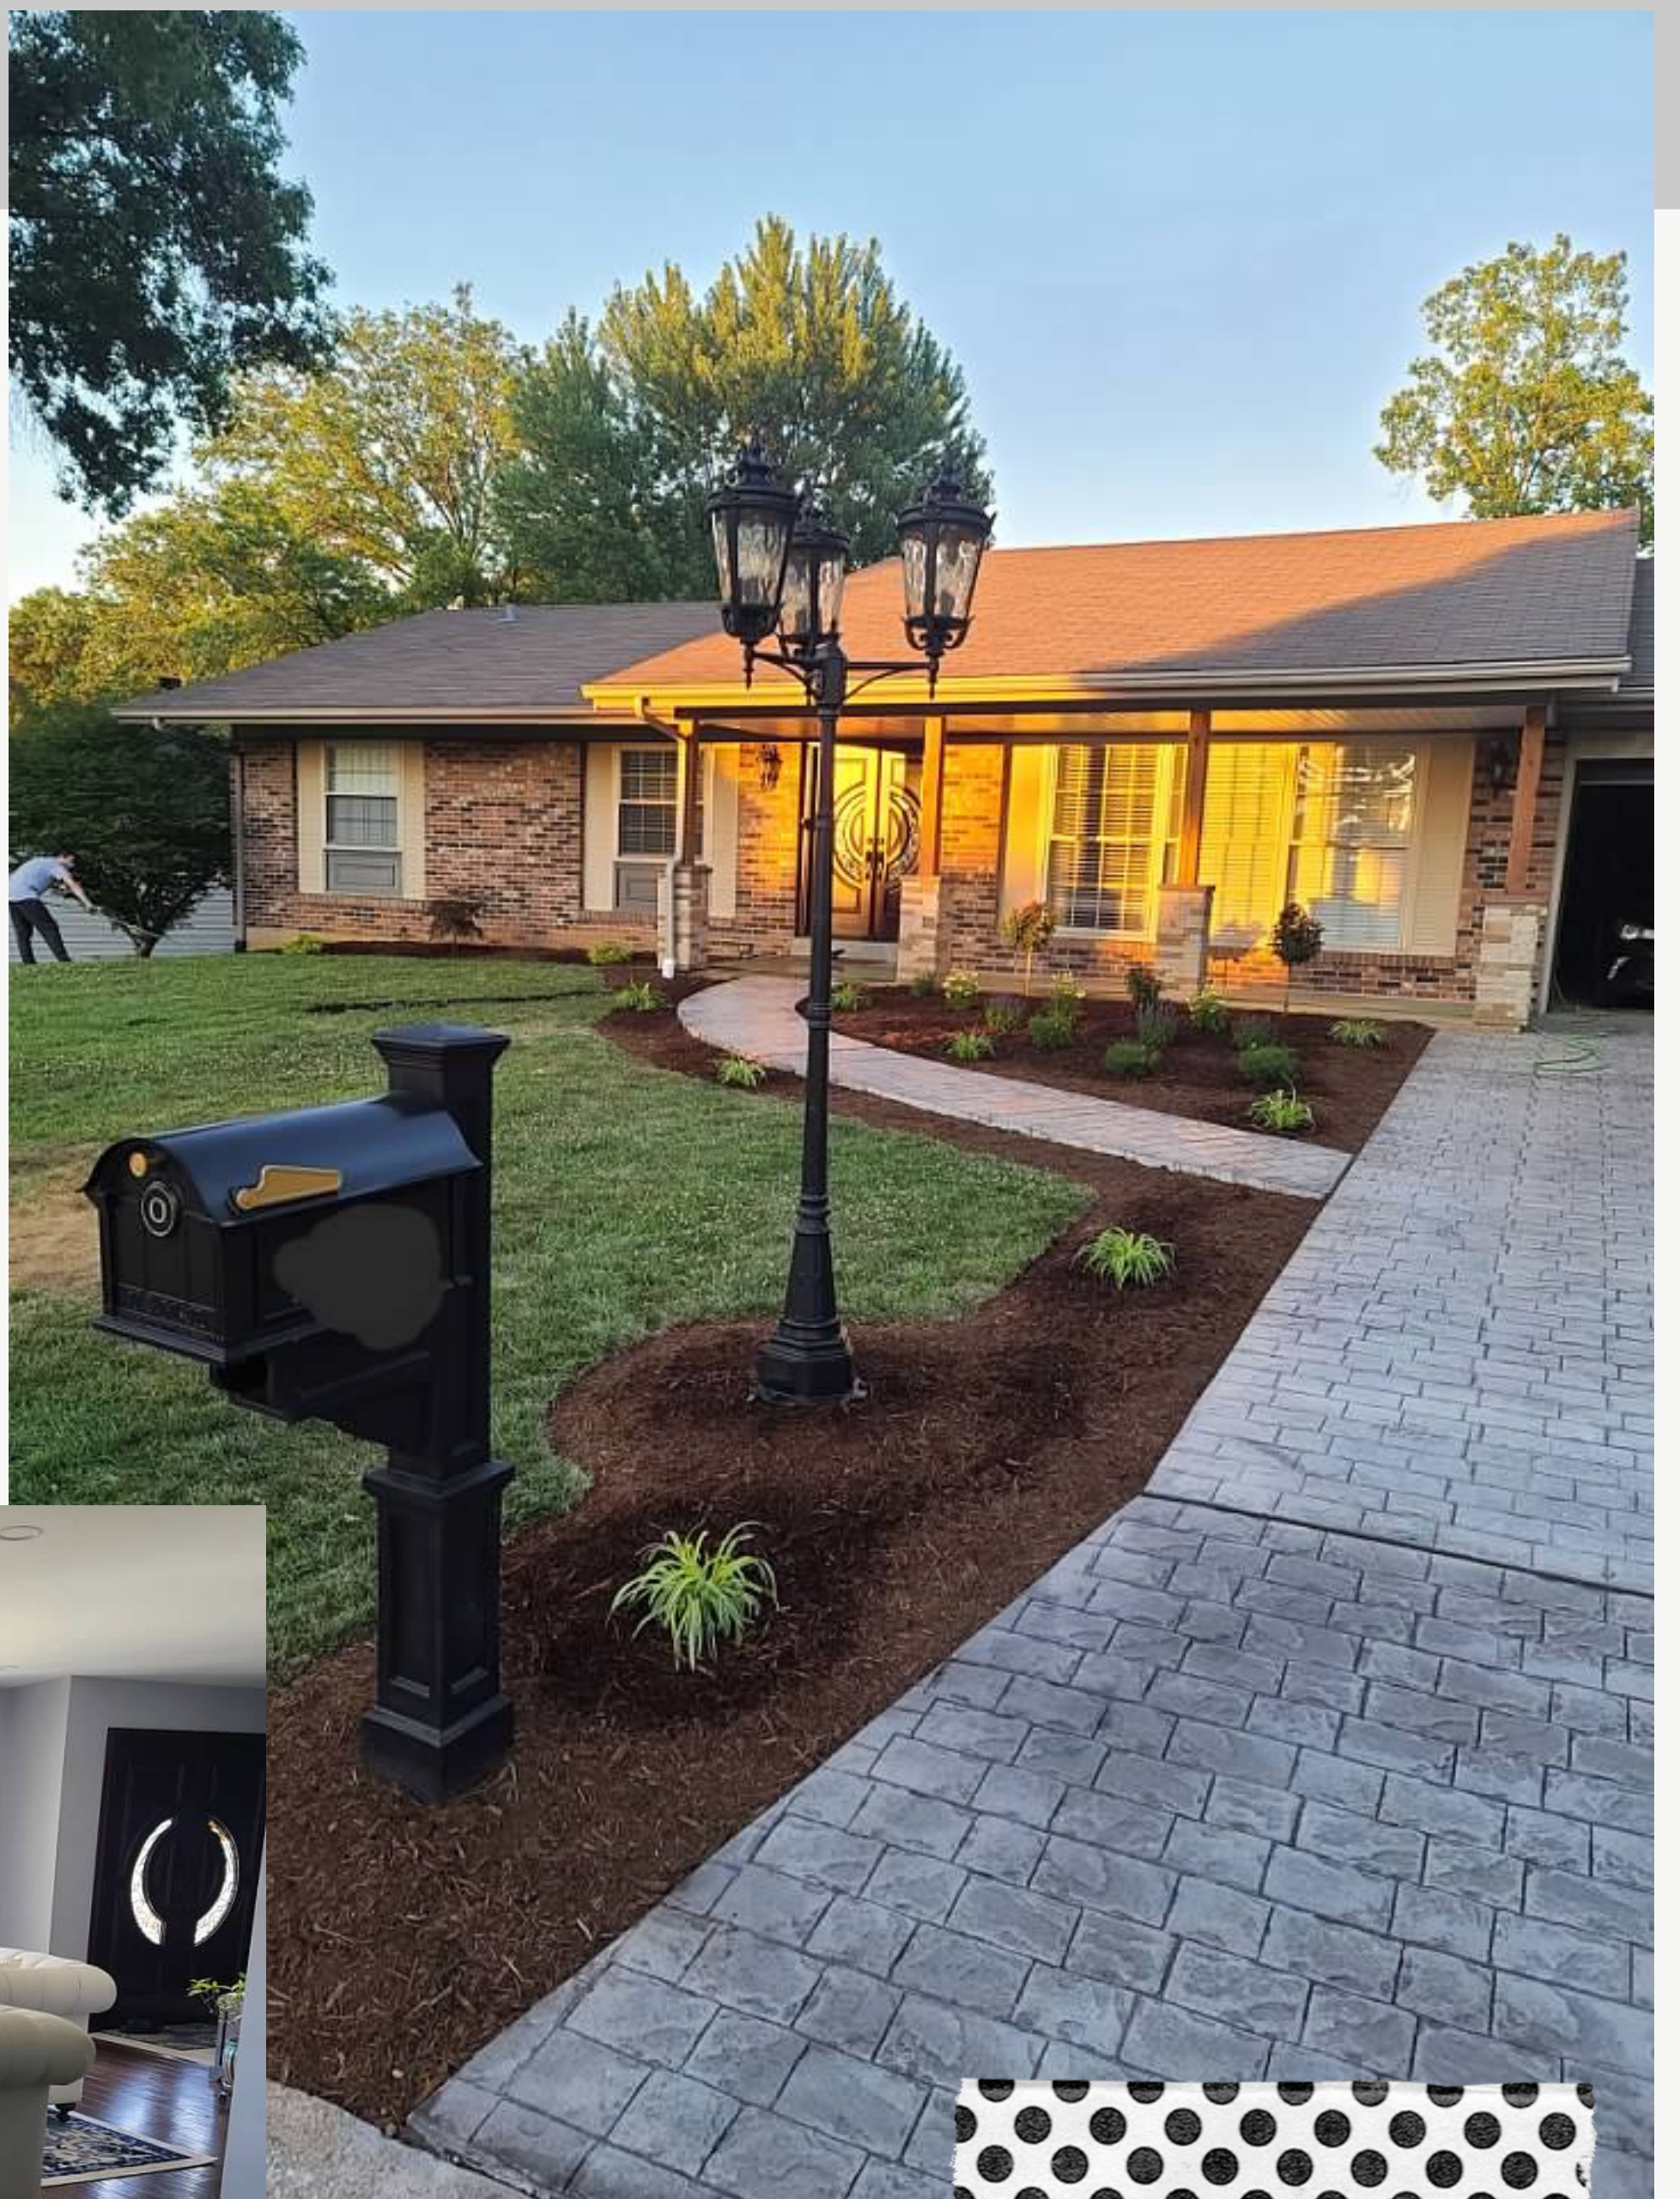

We are planning on creating a child's birth story and start with it early on, so we all got the story down in time for once the child is old enough to understand it.

Most of us in our families are already bicultural, and we do understand cultural differences really well. our families are really acceptable of others, since there are different cultures within our families via marriage and such.

Consequences would entail taking away privileges and such, but never physical. We are both extremely against physical punishment. We believe teaching a child and positive reinforcement is the way to go.

We also believe that education is really important and will work on raising a successful, independent, respectful individual.

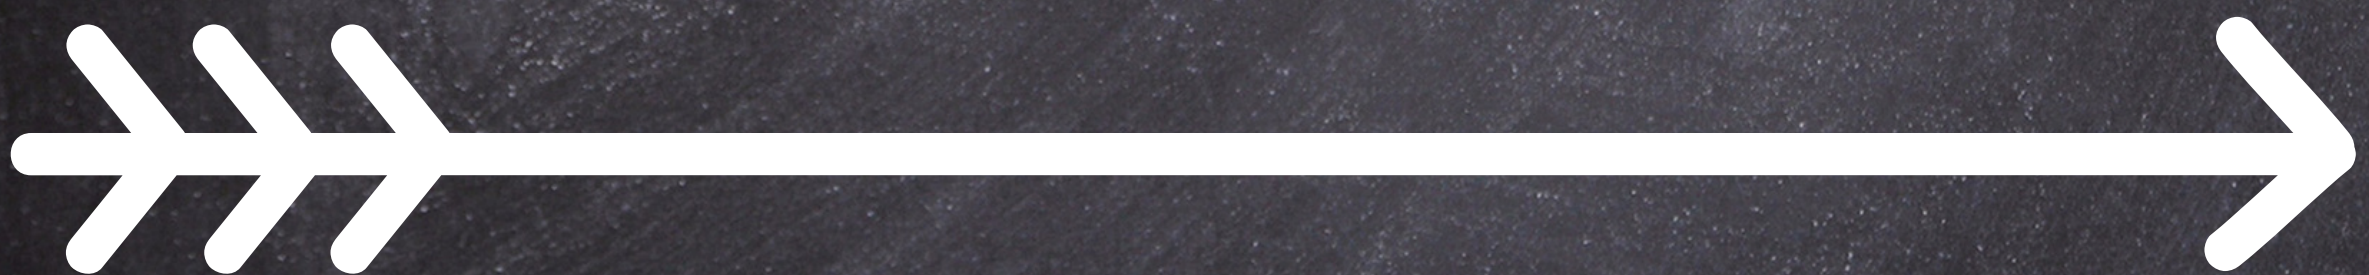

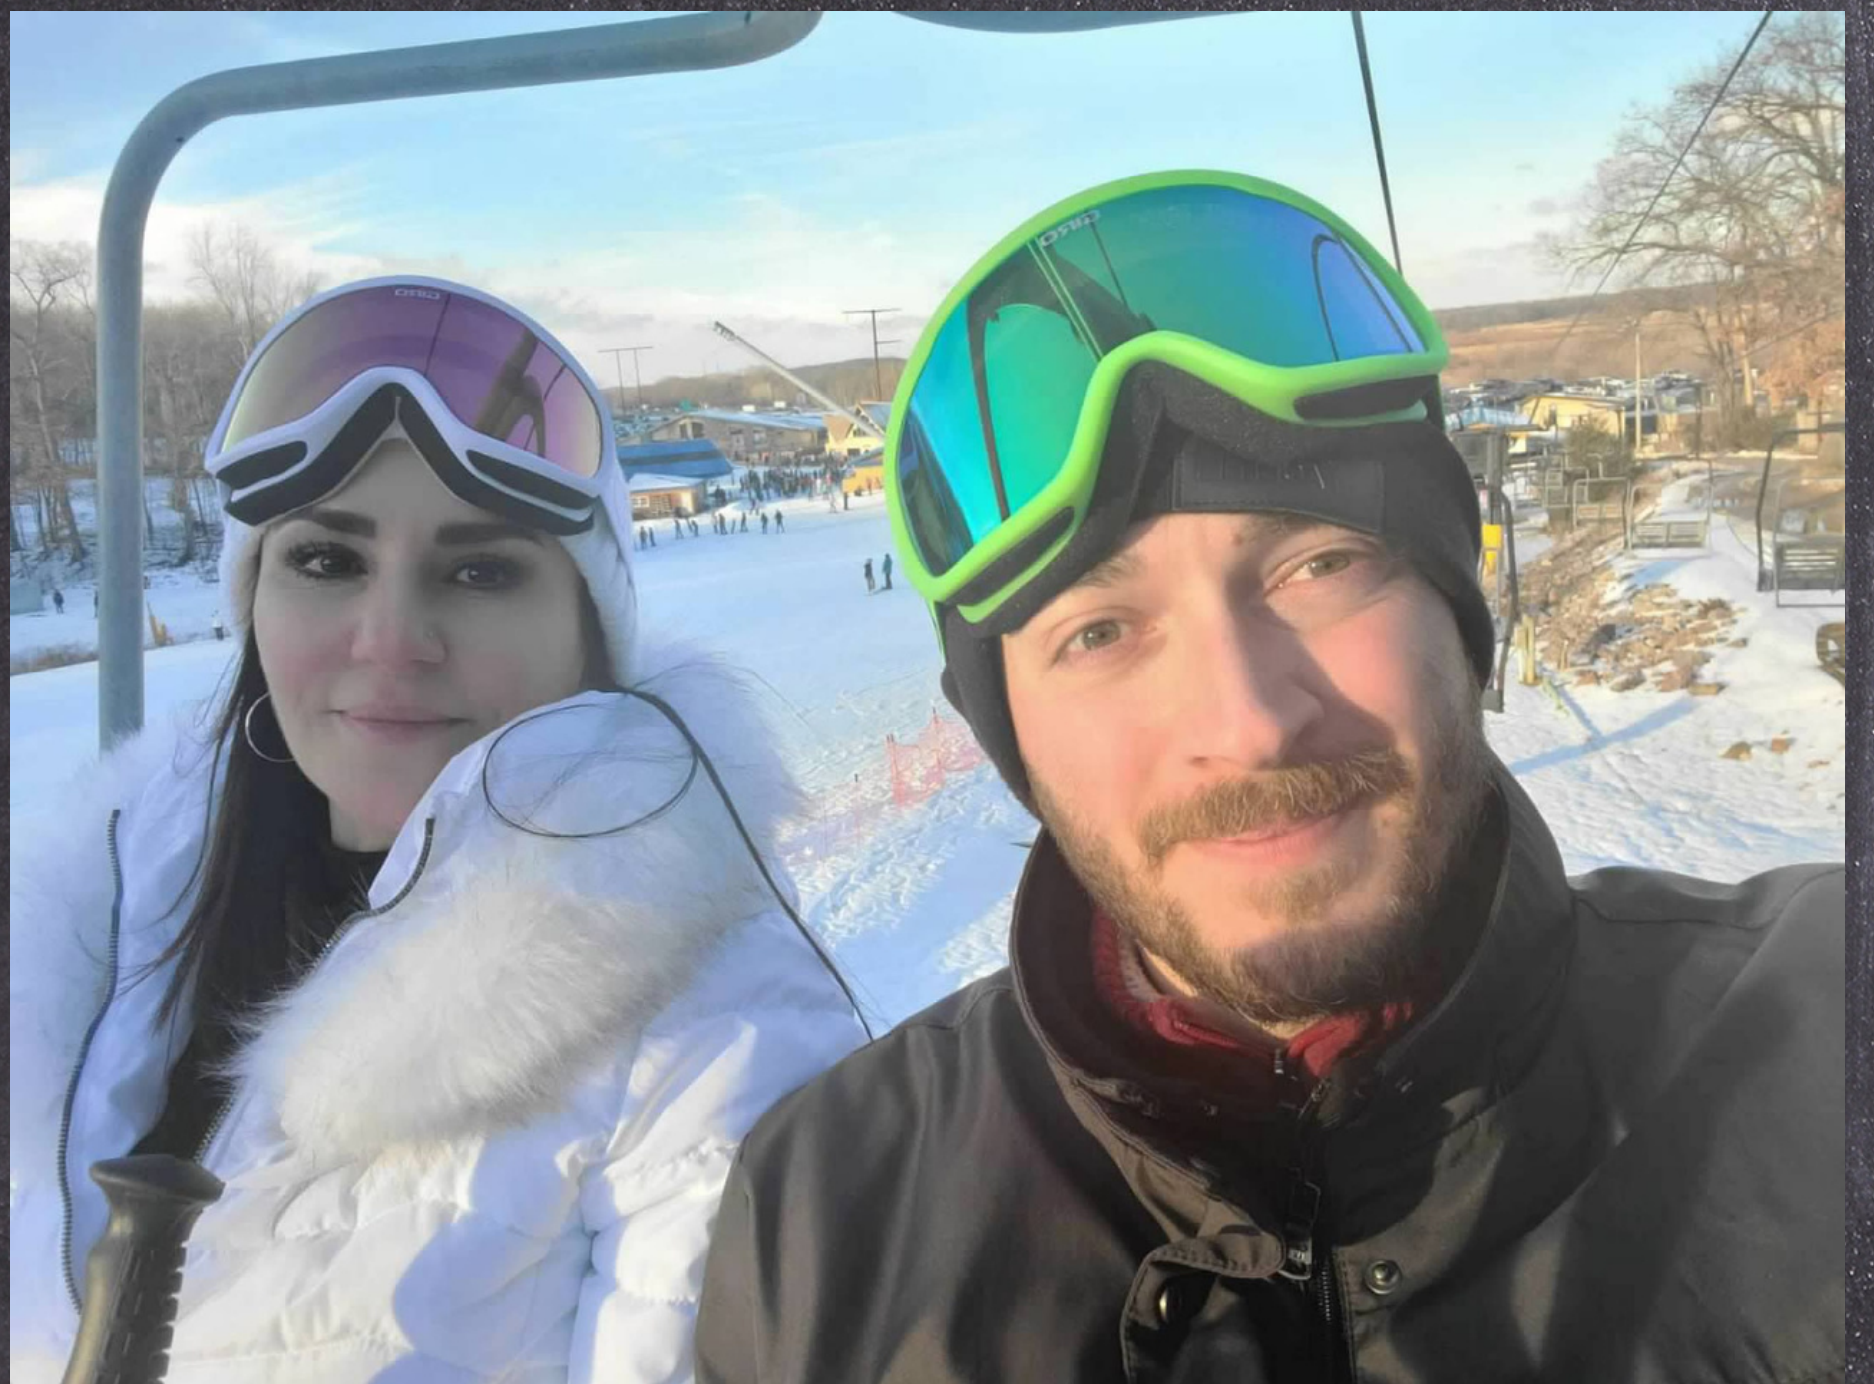

our HOME

We live in a three bedroom, ranch style home, in a cozy, quiet neighborhood. We have 3 bedrooms and 2 bathrooms. We have a big backyard that is partially-fenced and backs into another neighbor's yards. Our neighbors are all really nice and there are couple of kids nearby. We are located close to stores, medical facilities, the fire department, parks, schools and everything we need.

our
LIFESTYLE

We love to travel and to spend time with our family,
especially our nieces and nephews.

Thank you
