

Eric, Rebekah, & Bennett

## Dear Birth Mother

Thank you for taking the time to look at our profile to learn more about our family! We can imagine this is an overwhelming process for you, and quite possibly the biggest decision you have ever had to make. Thank you for spending your time getting to know a little about us.

After experiencing a few years of infertility, we discussed all of our options, and decided that adoption was the path that was really on our hearts. We have been so blessed by adoption, and are looking forward to what the future holds.

We hope to have a fairly open relationship with birth families, and to communicate several times a year. We truly do believe that the more love a child can have, the better their lives will be. We see this first-hand with the involvement from friends and family, birth and adoptive, in our lives now.

We have also been praying for you and the decisions you are facing. Thank you for giving us a chance to be part of your lives.

-Eric & Rebekah

## Eric

Eric's favorite bands are Blackberry Smoke and the Steel Woods. Every time we have the chance, we try to see them perform when they are near! Eric started attending concerts with his Mom when we was pretty young, and we're excited to do things like this with our kids too! Eric is a Quality Control Inspector and has enjoyed his position at his current job for several years.

Eric loves spending time at the family farm, exploring, hunting for morel mushrooms, deer hunting, and helping Rebekah's dad with anything he might need. He also has a '97 Dodge Neon that he likes to work on and when it's running, take to the drag strip for some fun. Eric is kind and considerate, and though he's a little shy at first, he has a hilarious sense of humor.

# Rebekah

Rebekah loves party planning and always goes a little "overboard" if you ask her family. She loves spending time at the family farm, riding the 4-wheeler, deer hunting, and keeping up with the things needing done in the farm house. Rebekah is soft-hearted and sweet, and can also be a little silly and rowdy.

Rebekah works as an agent and Office Manager for a local insurance agency. She loves painting pottery and having brunch with friends whenever possible. Rebekah has twin brothers and loves spending time with their families, including all of her nieces and nephews whenever possible!

feeling  
BLESSED

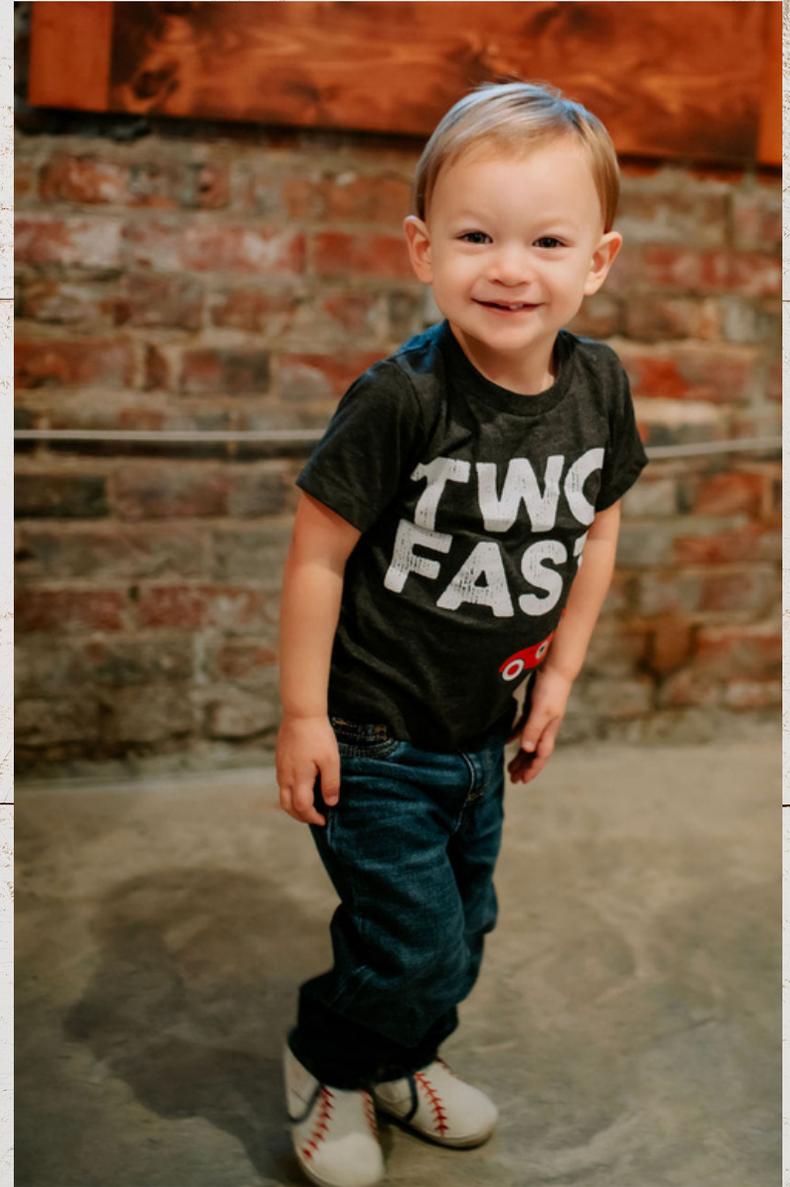

# Bennett

We welcomed our son, Bennett, through adoption in 2021. He is 2 now, and such a sweet, fun, and wild little boy. He loves anything with wheels, all things dinosaurs, and he would spend all his time outside if we would allow it!

We plan to share about Bennett's adoption with him when he gets a bit older. We read books about adoption, and his favorite show actually is about a family with 3 adopted children! It's definitely part of our every day lives, and we try to talk about it in one way or another every day!

## *Our Story*

**Eric & Rebekah met in 2016 through a dating app. We were both cautious at first, but quickly realized we had found something special with each other. We actually got engaged at a Springfield Cardinals game in 2017, and had some of our engagement photos taken at Hammons Field!**

**We got married in 2017 at a beautiful rustic venue outside Rebekah's home town. We have always loved to travel and we love attending baseball games and Chiefs football games any time we have the chance! We love spending time with extended family, traveling, trying new things, and spending time all together at the family farm. We spend a lot of time outside in the summers, whether that's swimming in Memaw's pool, working in the garden and our yard, or finding fun local things to do as a family!**

# Our Home

**We live in a quiet neighborhood in a cute ranch style home. We live on almost half an acre, so we have a huge back yard that we have fenced and spend lots and lots of time in. Bennett loves playing on the swingset or driving his monster truck in the back yard, and the dogs love roaming and seeing squirrels and birds play about.**

# Huckleberry and Tucker

**Huckleberry & Tucker are twin brothers, and were the only ones in the litter! They've been a part of our family since they were just puppies, back in 2013. They love getting treats from Bennett, and cleaning up messes he makes when eating meals and snacks! They love their momma and have trouble controlling their lickers! They are very sweet and gentle, and we love them so much.**

Thank you!

We're so excited for a  
new adventure. We can't  
wait to meet you!

Eric &  
Rebekah
