

Jack, Nikki, and Emma

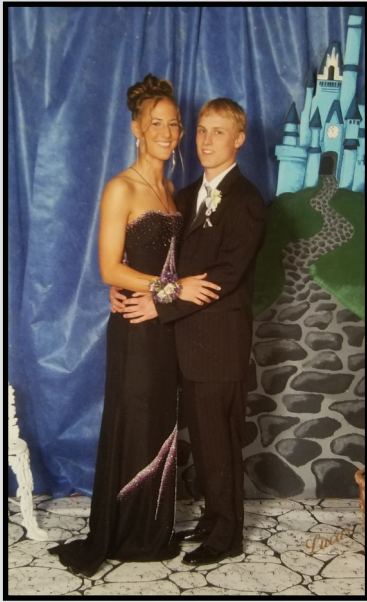

Hello!

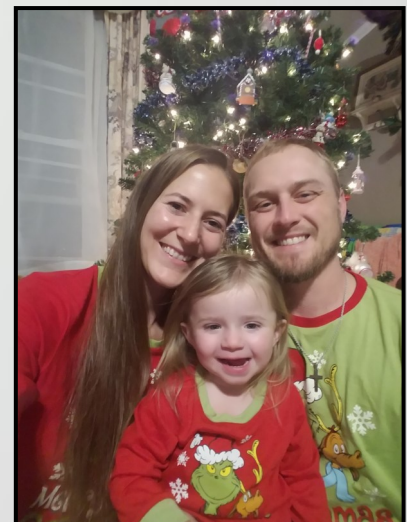

We would like to start off by saying thank you for taking the time to learn more about us! We are honored that you are considering our little family to raise your child.

We admire your courage and strength through such a difficult decision, please know we are praying for you and wish you good health and peace of mind.

Our Story

Our story together began back in 2004 when we met at the county fair. We began dating shortly after and were engaged in 2008. We got married in 2010, bought our cows in 2015 and our farm in 2016. We have been through a lot together; from Nikki going back to school 2 years after we got married to our struggle with infertility. Every hardship we have faced, we've faced them together and come out stronger in our relationship. We have always felt as though we were meant to be parents. That's when we started looking into adoption. Our greatest year to date was 2018; the year our daughter, Emma, was born.

About Jack written by Nikki

Jack is the embodiment of the All American, good ol' country boy. He's always polite, rarely complains and offers a helping hand to anybody that needs it. I love that everything we do is a collective effort between the two of us. I love that Jack is willing to try new things, he may look at me like I'm crazy sometimes with some of the things I suggest but he always gives it a try. He is now a soccer fan, runs Tough Mudder and Warrior Dashes, eats seafood and no longer orders his steaks well done. Emma is his life, they are two peas in a pod and I could sit and watch them interact all day.

All About Emma

Emma was born Aug 24, 2018 in Oklahoma City, OK. We were fortunate enough to make it there in plenty of time. We were able to spend time with Emma's birth parents before she made her arrival; simply talking and getting to know each other better. The one on one time was wonderful but we missed home and couldn't wait to introduce Emma to the rest of the family. We've loved her since before we first held her and that love only grows and gets stronger as she does.

Emma is a petite little girl but her personality is 10 feet tall! She is always on the go and loves to be outside. She helps feed the chickens and cows every day and loves spending time with her cousins. She loves to "hold" her baby cousin who is a year younger but the same size as her! She's sugar and spice and a whole lot of ornery and we love every minute of being her parents.

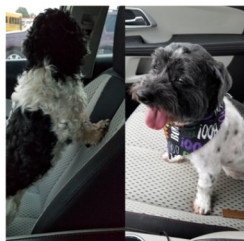

Our Home

We live outside of a small rural town on 50 acres of land. We raise cattle, chickens and we have our own garden. Living in a rural area with our own land has lots of perks. The outdoors provides plenty of space for children to play. A farm would not be complete without cats and dogs; we have 2 dogs Zeus and Huck, and we have 3 cats that keep our barns free from mice.

Our community is small but friendly. People are always helping each other accomplish tasks like the memorial kickball tournaments to raise money for the pre-school, bringing in the harvest or rounding up rogue livestock, supporting the local FFA chapter and having a great annual fair to commemorate the founding of the town.

Emma absolutely adores her animals and loves helping on the farm.

Thank you!

If you choose us to raise your child, please know that they will never have a single day of their life that they aren't shown love. Any child in our home will have more than a roof over their head and food in their bellies; they will be shown love every day. They will be given the opportunity to grow and learn in a safe environment and will have our support to explore their interests and identities.

Thank you for taking your time to consider our family. May God grant you serenity and clarity during this most difficult decision.
