

TYLER & KASHEA

DEAR EXPECTANT PARENT,

Hello, we are Tyler and Kashea and we thank you for taking the time to learn more about our family. We know this is a difficult and confusing time for you and your baby. Thank you for considering life and choosing adoption. We want to assure you we will respect you and the level of openness you want to have with your child. We are open to any race or gender. We are so excited God chose us to adopt and bring a child into our family! Please know that no matter what you choose, we are praying for you and your child to have peace. We hope our story will help you in making your decision and that this book gives you a glimpse about our family.

Our Story

Tyler and Kashea met through mutual friends. We started talking to each other in January of 2016. The very first day we met, Kashea was leaving for a week to Nicaragua on a dental mission trip. It was a very memorable first date. From there, our love grew for each other. Tyler proposed on New Years Eve of 2017. A year and three months later they were married. It was one of the best days and couldn't of been more dreamy. We have been married almost five years and have wanted nothing more to love and grow their family.

Together we love to go on new adventures, gather with our friends and family, enjoy the lake life as well as the farm life. Our families live on a lake and a farm. We also appreciate little things like thunderstorms/rainy days together, snow days, date nights, taking our dogs for walks/playing with their dogs, watching movies In the comfort of our home, game nights with friends, cooking together, and trying ultimately to treat each other with love and respect. We are ready to give our unconditional love to a child and expand our family through the miracle of adoption! We both were raised in Christian homes and plan to raise our child with the same values.
