

Jess + Brian

Hello, we are Jess + Brian

Thank you for taking the time to look at our profile. We are humbled that you would consider us as an option to be adoptive parents. We hope and pray that as you look through these pages, you will see the love and joy we have for each other. We have prayed for you and understand that this decision is brave and difficult. We have so much love to give a child and know that adoption is the way we are called to grow our family.

We believe it is important to share your strength with this child as part of his or her story of origin. We acknowledge that the decision you are making is selfless, brave, and one not to be taken lightly. If given the opportunity, we would love to meet you and learn more about your dreams for this child and how we may someday share these dreams with them.

Ultimately, we are praying for you as you make this decision, and pray that God's overwhelming peace would surround you during this season of your life.

Our Story

We met in 2017, just shortly after Brian moved to St. Louis. His family actually introduced us. Once we went on our first date the rest was history. We haven't spent much time away from one another since then. We got married 1 year after we started dating, and we wouldn't change a thing! We have been through a lot together yet, all of it has grown us closer together. We bought our house in 2020 and our puppy in 2021. We are building a life together that we are proud of. We work really hard at our jobs which we take great pride in and are always thankful for the many blessings. We are thrilled about growing our family through adoption and are eager to include you in our family too.

Our Home

We have a cozy 3 bedroom 1 bathroom ranch home with a huge fully fenced backyard and large basement. Our home backs up to a park, and we can hear the children playing from our back deck. We have a fire pit in the back that we use when it is bonfire season and put up a hammock in the early fall. It's our small slice of heaven just outside of the city. We are a short drive away from both of our families. Hosting is one of our favorites for friends and family. From BBQ's to sporting events, and holidays.

Brooklynn Rae

We have a 2 year-old Cockachon puppy. We got her when she was 12 weeks old. She has the sweetest temperament. She loves people, and is incredibly playful, and wonderful around our friends' kids and niece and nephew. She loves a good walk and snuggling. Brooklynn doesn't bark very often which we love but she's always keeping an eye out for our protection. We have told her she is going to be a big sister; she is pumped!

Family

Our families are thrilled and incredibly supportive of us growing our family through adoption. Both of our fathers have passed away. Even though they are both gone, we were heavily influenced by them and are eager to carry on their investment in our lives to a child(ren). We both have great relationships with our moms. Brian's half-brother and his family also live in town which allows us to see them throughout the year and on holidays. Both of Jess' siblings and their families live in town as well. We spend more time with them simply due to the closeness in age and willingness to be spontaneous in our visits and things we do together.
